Description:

The scheme "Pradhan Mantri Matsya Sampada Yojana (PMMSY)" with the component of "Construction of Plant/Storage of Minimum 20 Tonne Capacity", introduced by the Agriculture, Farmers Welfare and Co-operation Department, Government of Gujarat, aims to strengthen fish storage and cold chain infrastructure for better preservation and delivery of fish in a healthy condition. Through this scheme, financial assistance is provided to beneficiaries for the construction of ice plants/storage units with a minimum capacity of 20 tonnes, ensuring hygienic fish availability and higher returns for sellers. The scheme is implemented by the Commissioner of Fisheries of the State Governments, with 60% contribution from the Government of India and 40% contribution from the State Government. > **Objective of the scheme** - Marine production in the Gujarat state is one of the leading in the country. The state lags behind in exports due to non-norms. So cold storage/ice plant modernization is necessary to keep the fish in healthy condition. - Insulated vehicle, three wheeler with ice box including e-rickshaw, and live fish vending center to deliver the fish in hygienic condition to the consumer, so that the consumer (customer) can get fresh and clean fish from the local area and get good returns to the sellers. - Around 27,000 small and large boats are operating in the state. To strengthen the safety and security of the fishermen and increase the income of the boat owner, replacement of the existing boats is necessary to increase the sea growth of the existing boats.

Description:

The scheme "Promotion of Tiatr Music" was launched by the Tiatr Academy under the Art, Culture and Museums Department, Government of Goa. The scheme aims to encourage youth and others to learn to play blowing instruments, particularly Trumpet and Saxophone, by providing them with financial assistance. The scheme provides financial support for tuition fees, a 50% subsidy on the cost of medium-priced blowing instruments such as Saxophone, Trumpet, or Clarinet, and opportunities for advanced certification from institutions like Trinity College or Royal School of Music. It also offers music classes at the Tiatr Academy of Goa's Conference Hall and awards certificates upon successful course completion. The applicant must identify a suitable tutor, purchase a blowing instrument, submit an undertaking to serve the tiatr stage, and undergo periodical tests. The scheme is implemented by the Tiatr Academy of Goa. The applications for this scheme are accepted by submitting the prescribed application form available at the office of the Tiatr Academy of Goa.

Eligibi

Who Can Apply: - The applicant must be any interested person, young or adult, free to avail the benefit of this scheme. - The applicant must identify a tutor having the credentials to teach him/her the blowing instrument, which will be verified and accepted by the Tiatr Academy of Goa. - The applicant must serve the tiatr stage by playing in any tiatr band or musical group for at least one year after completion of the course.
Exclusions: None

Schem

details: - Reimbursement of tuition fees paid to the tutor, with the exact amount to be decided by the Tiatr Academy of Goa. - A 50% subsidy (refund) on the cost of a blowing instrument (Saxophone, Trumpet, or Clarinet), based on the value of a medium-priced instrument. - Appropriate financial support for students to register and get themselves certified by institutions such as Trinity College or Royal School of Music. - To cover tuition costs incurred for learning blowing instruments vital for Tiatr music. - To reduce the financial burden of purchasing an essential blowing instrument, making learning more accessible. - To support the pursuit of advanced musical qualifications and professional certification. **Conditions:** _*The student must complete the full course._ _*The refund is subject to the availability of funds._ _*The chosen tutor should maintain a record of attendance for the students and submit it to the Tiatr Academy of Goa._ _*Students must undergo periodical tests to verify their performance, and those unable to cope with the syllabus or found not serious may be terminated after evaluation._

Description:
The scheme "Training/Capacity Building Programmes/Research work on Remote Sensing and GIS Applications" is implemented by the Uttarakhand Space Application Centre (USAC) under the Science and Technology, Government of Uttarakhand. It aims to strengthen scientific and technical capacity of researchers, students, and government personnel in the field of Remote Sensing and Geographic Information System (GIS) applications by providing training, conducting capacity-building programmes, and supporting research initiatives.

Eligibi

Who Can Apply: The following are eligible to participate in the Training and Capacity Building Programme: 1. Students who have passed a Postgraduate degree (preferably in the Science stream) with First Division from any recognized university in India. 1. Final semester/year postgraduate students (preferably from the Science stream) of any recognized university (private, state, or central) in India. 1. Personnel from the Central Government and various line departments of the State Government. 1. Graduate and higher-level students from government, private, and central universities or colleges within the state.

Exclusions: None

Schem

details: - Researchers are selected for scientific research projects funded by the Central and State Governments and trained in Remote Sensing and GIS applications. The training is provided free of cost. Selected researchers (JRFs/SRFs/Project Scientists) receive stipends (including HRA) as per the regulations of the respective funding organizations. Researchers are required to make their own arrangements for food and accommodation. - The program also offers training in Remote Sensing and GIS applications to postgraduate students in their final semester/year of study at various universities across the state, as well as to undergraduate students through internships. The training is free of cost, and students are expected to arrange their own food and accommodation during the training period. - Capacity-building programs in Remote Sensing and GIS are organized periodically for various line departments based on their requirements. No participation fees are charged from these departments. Boarding and lodging during these programs are arranged by the concerned departments with the support of U-SAC. - Workshops on Geographic Information Systems are also organized periodically in degree colleges and schools across the state, as per requests and requirements, to motivate students towards space technology. U-SAC provides free one-day training sessions along with complimentary meals and transportation; however, accommodation is not provided.

505. Tea Development Programme in the Hilly Districts of Uttarakhand - Uttarakhand Tea Development Board

Primary Category: Social Welfare & Other Benefits | State: Uttarakhand | Govt: State Government | Ministry: None

Secondary: Women & Girls, Farmers & Agriculture, Employment & Jobs | Benefits: Employment, Food/Nutrition | Beneficiaries: Farmers, Women, Workers, R

Gender: Any | Age: None | Occupation: Farmer | Education: ITI / Diploma | Category: All

Income Limit: None | Area: Both | Type: Individual | Source: https://www.myscheme.gov.in/schemes/tdphduk

Description:
The scheme "Tea Development Programme in the Hilly Districts of Uttarakhand" is implemented by the Uttarakhand Tea Development Board under the Department of Horticulture, Government of Uttarakhand. It aims to promote tea cultivation in the mountainous regions of Uttarakhand, providing sustainable employment, optimal utilization of barren and unused land, and economic upliftment of local farmers.

Eligibi

Who Can Apply: 1. The applicant must be a resident of Uttarakhand. 1. The applicant must have his own measured land available. 1. Within the identified area, at least 60 hectares of land should be available for tea plantation within a radius of 20 km. 1. There should be adequate availability of water around the identified land for setting up tea plant nursery at the initial stage.
Exclusions: None

Schem

details: - Due to large-scale migration of local people in the mountainous areas of Uttarakhand, most of the farmers' land remains unused or barren, which can be put to good use through tea development programmes. - The Tea Development Scheme, run by the Board, is an employment-oriented initiative under which the Board provides year-round employment to tea garden cultivators and workers for seven years after the plantation is established. Once the plantations produce sufficient quantities of green leaves, farmers can earn a livelihood by selling them. - At present, in the hilly areas, fruits, vegetables, and crops are being damaged by domestic and wild animals, whereas tea plants are not harmed by such animals. - Due to the lack of adequate irrigation facilities in the hilly areas, traditional farming is adversely affected, whereas tea gardens require irrigation only at the initial stage, and adverse weather does not have any significant impact on the tea gardens. - Once planted, tea plants can produce for up to 100 years under proper care. Hailstorms only negatively affect tea production for about a week. - There is a risk of landslides due to indiscriminate cutting of forests, disasters, and heavy rainfall, whereas areas with tea plantations are not prone to landslides; thus, tea gardens help prevent soil erosion and landslides. - Tea plantation is an environmentally friendly and completely pollution-free industry. - In tea gardens, local people, especially rural women, get employment in their own area. - The tea industry can become a strong pillar for the economic foundation of local farmers. - Tea is the most widely consumed beverage in the world, ensuring consistent demand, which makes its marketing relatively easy. - On average, 15,000 tea plants are planted per hectare, which also helps prevent soil erosion. - Currently, the Board has developed tea gardens by leasing land from 4,011 farmers over an area

of 1,370 hectares in 30 development blocks across 9 districts. - At present, 3,100 workers are employed under the Board every month, of which 2,279 are women.

Requi

Documents: None
Application Process: how_to_apply: Offline Presently, under the MNREGA scheme, the Board is identifying development blocks where approximately 60 to 100 hectares of land are available for tea plantations, as per the demand of the farmers. After a cultivator submits an application for tea plantation to the Director, Uttarakhand Tea Development Board, Almora, mentioning the availability of his measured land, the Board conducts a soil test of the cultivator's land. If the soil test determines that the land is suitable for tea plantation, a work plan is prepared by incorporating all the applications received from the development block and is then sent to the district administration/government for approval. After receiving approval from the district administration/government, tea plantation work is initiated in the area. The soil pH level of the available land should range between 4.5 and 6.0, which is tested by the Board in its soil laboratory. Tea plantation is carried out by the Board only on the farmer's measured land. Apart from the land already used by the farmer for cultivation, tea plantations can also be established on barren and unused land. - Presently, under the MNREGA scheme, the Board is identifying development blocks where approximately 60 to 100 hectares of land are available for tea plantations, as per the demand of the farmers. - After a cultivator submits an application for tea plantation to the Director, Uttarakhand Tea Development Board, Almora, mentioning the availability of his measured land, the Board conducts a soil test of the cultivator's land. Who Can Apply: 1. The applicant must be a general, small, or marginal farmer, or a farmer living below the poverty line, including their family members or a self-help group (SHG) from Uttarakhand. 1. The applicant must be a member of the cooperative society in their respective area or hold a savings account in the District Cooperative Bank. 1. Only one member from a family will be eligible to receive benefits under the scheme. 1. The benefits of the scheme will not be extended to defaulting cooperative members. 1. Currently, there is no income limit prescribed for farmers to avail of the scheme's benefits. ***(Note: A small farmer is one who owns up to 5 acres of unirrigated land or up to 2.5 acres of irrigated land. A marginal farmer is one who

owns up to 2.5 acres of unirrigated land or up to 1.25 acres of irrigated land.)***
Exclusions: None

Schem

details: Under the scheme, an interest-free loan of up to Rs. 1.00 lakh is provided for agricultural activities, up to Rs. 3.00 lakh for non-agricultural activities (such as animal husbandry, dairy, poultry, fisheries, cultivation of herbs, aromatic plants, spices, mushrooms, floriculture, horticulture, agricultural processing, farm mechanization, organic farming, off-season vegetable cultivation, poly-house farming, etc.), and up to Rs. 5.00 lakh for self-help groups (SHGs).

Requir

Documents: None
Application Process: how_to_apply: Offline For loans ranging from Rs. 1 lakh to Rs. 3 lakh, applicants must be members of a cooperative society. If they wish to obtain a loan directly from a bank, they must become nominal members. The applicant must first obtain an application form from the bank or committee. The application form should include the applicant's photograph, Aadhaar card, PAN card, work plan, annual income and expenditure details, and other relevant loan information. The applicant must also provide details of movable and immovable assets, such as land, deposits, etc. Two guarantors are required for the loan, and information about their movable and immovable assets must also be submitted. After submitting the application form along with land certificates, account records, and the Kisan Card to the relevant bank or committee, the block-level committee will select beneficiaries, cover them under the scheme, and sanction the loans accordingly. For loans up to Rs. 5 lakh, the group must submit a project report or proposal, as this loan is sanctioned to the group rather than to individual members. It is mandatory for the group to maintain an account with a cooperative bank. Self-help groups availing benefits under the scheme must be registered for activities covered by agriculture or agriculture-related schemes operated by the State or Central Government. The repayment period for a short-term loan of Rs. 1 lakh (crop loan) sanctioned under the scheme is one year from the date of disbursement. For a medium-term loan of Rs. 3 lakh, the repayment period is three years from the date of disbursement, and a project report is also required for such loans. The target for loan distribution under the scheme is determined based on the budget provisioned for each financial year. It is mandatory to obtain crop insurance for short-term agricultural loans sanctioned for crops notified under the Pradhan Mantri Fasal Bima Yojana. The cooperative bank itself will arrange for the insurance of such agricultural loans. If a farmer does not receive a loan in a particular year but requires it in the following year, the department will consider his previously submitted application for processing in the next year. Process of Becoming a Member of the Cooperative Society: Interested applicants can apply for membership by filling out the prescribed membership application form available at the concerned society's office and by depositing Rs. 108/- as the membership fee. The Board of Directors reviews the membership application through the relevant committee and either accepts or rejects it. To become a member, the applicant must provide a land ownership certificate for the area, a certificate from the Patwari confirming agricultural activity, and an Aadhaar card. - For loans ranging from Rs. 1 lakh to Rs. 3 lakh, applicants must be members of a cooperative society. Description:
The scheme "Aama Kuni Pilaa" has been launched by the Department of Women & Child Development, Government of Odisha. It aims to focus on early stimulation and responsive parenting in the best interest of each child from 0-3 years. As the name "Aama Kuni Pilaa" suggests, the unconditional care and affection of parents, grandparents and caregivers for the children is the driving force for the conceptualisation of this unique initiative. Early experiences with mother, father and grandparents shape lifelong learning and development of children, because of rapid brain development. 80% of the brain develops by three years, and stimulating experiences with caregivers strengthen the neural connections, promoting the holistic development of the child. > **Objectives:** The scheme envisages promoting parent-led, home-based, joyful child-friendly learning by creating an early stimulating environment at the household level. It aims at: - Building capacities by engaging parents and caregivers on responsive parenting messages using different platforms. - Skill building of ICDS officials/ caregivers on importance of early years, play and learning activities for children. - Sensitizing the parents, care givers and the entire community on importance of early years. Involvement of father & male care givers through Men-streaming. - Engaging young children with low cost contextual and child friendly toys by the parents & caregivers. - Facilitating love, talk, touch & play through toys, lullabies, stories and interactive talk and activity with children below three years by the Anganwadi worker. - Equity outreach through appropriate parent & caregiver friendly IPC, IEC/ SBC? materials.

Many meritorious students from this section find it hard to bear the full tuition fee, though the better off sections of society do not face this difficulty. To ease the burden on such meritorious students, the Delhi Govt. proposes a Merit cum Means Linked Financial Assistance Scheme for providing tuition fee reimbursement under the aegis of Delhi Higher Education Aid Trust, with the aim to enhance greater access to high-quality higher education for meritorious Students from econ0mically disadvantaged sections of the society. Many students from this section who find it hard to bear the full tuition fee will benefit immensely from the Scheme.
 The Scheme is to extend financial assistance to the meritorious and needy students pursuing higher education in the NCT of Delhi. Under this Scheme the Delhi Higher Education Trust through the Directorate of Higher Education (DHE), GNCTD will fully or partially reimburse the tuition fee paid by the students. The extent of reimbursement will be (i)100% tuition fee of the meritorious students belonging to economically weaker section i.e. wards of parent/s who are beneficiaries and possess relevant cards issued under the National Food Security Security Scheme. (ii) 50%of the tuition fee to meritorious students having annual family income up to Rs. 2.50 Lakh and not

covered under the National Food Security Scheme. (iii) 25% reimbursement of tuition fee to meritorious students having annual income above Rs. 2.50 Lakh but below Rs. 6 Lakh. It is anticipated that the Scheme will lead to the participation of meritorious economically weaker sections of society in gaining access to quality higher education of which they were deprived till now due to financial constraints. It will also help attract meritorious students to Delhi State Universities.

Eligibi

Secondary: Financial Assistance, Women & Girls, Skill Development & Training | Benefits: Scholarship, Financial Assistance, Training, Equipment, Food/Nutrit

Gender: Any | Age: None | Occupation: None | Education: PhD / Doctorate | Category: SC/ST

Income Limit: None | Area: Both | Type: Organization / Institution | Source: https://www.myscheme.gov.in/schemes/n-pdf

Description:

The "National Post Doctoral Fellowship (N-PDF)" was launched by the Science and Engineering Research Board, Government of India to identify motivated young researchers and provide them support for doing research in frontier areas of science and engineering. The fellows will work under a mentor, and it is hoped that this training will provide them with a platform to develop as independent researchers. > **Duration of fellowship:** - The fellowship is purely a temporary assignment and is tenable for a period of 2 years.

Eligibi

Who Can Apply: 1. The applicant should be an Indian citizen. 1. The applicant must have obtained PhD/M.D/M.S degree from a recognized University. Those who have submitted their PhD/M.D/M.S. thesis and are awaiting the award of the degree are also eligible to apply. However, such candidates, if selected, will be offered a lower fellowship amount till they qualify for the eligible degree. 1. The upper age limit for the fellowship is 35 years at the time of the submission of the application, age will be calculated by taking the date of closure of the respective call. Age relaxation of 5 (five) years will be given to candidates belonging to SC/ST/OBC/Physically Challenged & Women candidates. 1. NPDF can be availed only once by a candidate in his/her career. 1. The mentor must hold a regular academic/research position in a recognized institution in India. Should hold a Ph.D. degree in Science or Engineering. 1. A mentor shall not have more than two SERB NPDF fellows at any given time. **Note 01:** The fellowship is tenable only in India and can be implemented in any of the recognized academic institutions, national laboratories, and other recognized R&D institutions. The host institution should provide the necessary administrative and infrastructural support. **Note 02:** The fellows will not be allowed to work with the Ph.D. guide/co-guide. It is also normally not availed at the same Department/institution where the candidates have earned their PhD/M.S./M.D degree. Exclusions: None

Description:
The scheme "Biotechnology Research Innovation And Entrepreneurship Development (Bio-RIDE)" was launched by the Department of Biotechnology, Ministry of Science and Technology. The scheme aims to propel the nation toward sustainable green growth and a robust bioeconomy. The scheme provides comprehensive support including seed funding, incubation support, extramural research grants, and substantial financial assistance to establish shared infrastructure like bio-artificial intelligence hubs, biofoundries, and biomanufacturing hubs. The applicant must be a legally registered entity in India possessing demonstrated prior experience in the applied areas of bio-services or high-performance biomanufacturing. The scheme is implemented by the Department of Biotechnology and the Biotechnology Industry Research Assistance Council, and the applications for this scheme are accepted primarily through periodic national calls on their official digital portals.

Eligibi

Who Can Apply: - The applicant must be a legal entity, either for-profit or not-for-profit. - The applicant must be officially registered in India with the respective taxation and other administrative authorities. - The applicant must have tangible prior experience in the applied functional area of bio-services or biomanufacturing. - The applicant must not be blacklisted by any Central Government. - The applicant must not be blacklisted by any State Government. - The applicant must not be blacklisted by any Public Sector Undertaking of the Government of India. - The applicant must ensure that major promoters or the legal entity are not involved in any major litigation that may impact the delivery of assigned projects. - The applicant must strictly adhere to the data protection, confidentiality, and conflict of interest policies laid down by the Department of Biotechnology and the Biotechnology Industry Research Assistance Council. - The applicant, if applying as a startup, small and medium enterprise, or industry, must have a minimum of 51% of its stake owned and controlled by resident Indian citizens. ##### ***Desirable Criteria*** - The applicant should preferably demonstrate proven expertise, operational experience, and access to pre-existing infrastructure. - The applicant should ideally have already secured the necessary regulatory clearances for their innovation or be close to obtaining them.
Exclusions: None

Schem

details: - The scheme has a total proposed financial outlay of Rs. 91,97,00,00,000/- for the period spanning from 2021-22 to 2025-26. - Startups receive seed funding, incubation support, and dedicated mentorship to nurture a thriving ecosystem for bio-entrepreneurs. - Researchers, institutions, and universities receive extramural funding and direct grants for cutting-edge research and development in modern biology. - Financial assistance of up to Rs. 50,00,00,000/- is provided for the setting up of Bio-Artificial Intelligence Hubs. - Financial assistance of up to Rs. 65,00,00,000/- is provided for the setting up of Biofoundries. - Financial assistance of up to Rs. 75,00,00,000/- is provided for the setting up of Biomanufacturing Hubs. - Coordinating hubs are eligible to propose an annual budget of up to Rs. 50,00,000/- to comprehensively cover the operational costs of collaborating projects. - Academic institutions receive funding through grant-in-aid mechanisms for mission mode projects as per the extramural research guidelines of the Department of Biotechnology. - Startups, small and medium enterprises, and industries seeking funding beyond Rs. 50,00,000/- receive financial assistance through co-funding combined with royalty sharing or equity financing. - Private universities, non-governmental organizations, trusts, and foundations receive capital support but are required to share 25% of the total capital investment cost. - Incubators or companies established by the Central Government or private universities receive funding with a mandatory co-funding requirement of a minimum of 30% of the total project cost. - Incubators or companies established by the State Government receive funding with a mandatory co-funding requirement of a minimum of 50% of the total project cost. ##### ***Conditions*** - Startups, small and medium enterprises, and industry applicants must contribute a minimum of 30% of the total project cost in cash, strictly excluding land and construction costs. - Joint industry-academia projects require the involved industry partner to share a minimum of 30% of the cost attributed to the industry component. - Beneficiaries opting for the royalty-sharing model must pay a 5% royalty on the net sales of the developed product until the paid royalty equals the disbursed financial assistance. - Beneficiaries opting for equity financing must agree to the government taking an equity stake through convertible notes that get compulsorily converted at the valuation of the first investment round of Rs. 10,00,00,000/- or more within five years, or mandatorily at the end of the fifth year at a 20% discount of the latest valuation. - The applicant must successfully implement a clearly defined sustainability business plan to ensure continuous operations after the government support period is over. - In the event of project foreclosure, the beneficiary must completely refund the disbursed amount within 30 days from the date of foreclosure. - In the event of project termination due to non-compliance, the beneficiary must completely refund the disbursed amount along with a 12% interest within 30 days from the date of termination.

Application Process: how_to_apply: Online Step 1: The applicant must continuously monitor the official portals of the Department of Biotechnology and the Biotechnology Industry Research Assistance Council for periodic national calls for proposals. The applicant must thoroughly review the released

guidelines and identify the relevant thematic sector for their project. Step 2: The applicant must thoroughly prepare and optionally submit an Expression of Interest if it is specifically requested by the authorities prior to the full proposal submission stage. This initial submission helps the reviewing committee fundamentally gauge the scope and feasibility of the intended project. Step 3: The applicant must systematically draft and submit the complete project proposal through the designated official online platform before the final deadline. This exhaustive application must clearly detail the bio-services scope, technical milestones, pre-existing infrastructure, and precise funding requirements. Post-Application Process Step 4: The submitted project proposal is initially evaluated by a Preliminary Screening Committee to verify strict compliance with the defined eligibility criteria. Any proposals that fail to meet the foundational legal, financial, and technical prerequisites are systematically filtered out at this stage. Step 5: The applicant must professionally present the comprehensive proposal before the Selection Committee for Biofoundries and Biomanufacturing Hubs. This expert committee will meticulously evaluate the core technical aspects, infrastructural readiness, and overall innovation viability of the submission. Step 6: The applicant's proposal is subsequently reviewed by the Financial Evaluation Committee to determine the exact funding mechanism logically applicable to the project. This critical evaluation includes accurately assessing the modalities for co-funding, equity financing, and royalty-sharing based on the applicant's exact entity type. Step 7: The applicant will receive the formal selection confirmation and the corresponding financial disbursement strictly based on the binding recommendations of the Apex Committee. The successfully selected beneficiary must then sign the necessary grant agreements to formally initiate the biomanufacturing project. Step 8: The applicant will undergo continuous performance monitoring facilitated by the Project Monitoring Committee to ensure milestone adherence. Third-party evaluations will additionally be carried out periodically to stringently review the ongoing progress and infrastructural utilization. **Step 1:** The applicant must continuously monitor the official portals of the Department of Biotechnology and the Biotechnology Industry Research Assistance Council for periodic national calls for proposals. Description:

INSPIRE Fellowship is one of the components of INSPIRE scheme implemented by the Department of Science and Technology (DST), Government of India to strengthen the Science and Technology base of the country. This Component focuses on attracting students to pursue doctoral degrees in basic and applied sciences including engineering, medicine, agriculture, veterinary, pharmacy, etc. after either master's degree in science/engineering or a bachelor/ master's degree in Medicine.

Eligibi

Who Can Apply: 1. 1st Rank Holders in any recognized University and academic Institutions (Excluding Autonomous Colleges) in India in Post-Graduate (PG) level examination in Basic/Applied Sciences including Engineering, Pharmacy, Agricultural Sciences, and Veterinary Sciences. 1. 1st Rank Holders at the Graduate/Post-graduate Level Examination in Medicine only conducted by a University/ Institution in India. 1. 1st Rank should be obtained in university in basic/applied science subject course/program having a batch size of a minimum of 07 students with a minimum aggregate of 70% marks (or CGPA equivalent) for the entire course/ program. **OR** 1. INSPIRE Scholars who have secured a minimum of 70% marks (or CGPA equivalent) in aggregate at M.Sc. integrated M.S. / M.Sc. **Note 1:** Merely fulfilling the eligibility criteria for the INSPIRE Fellowship will not guarantee the final offer of fellowship. **Note 2:** Subject Expert Committee (SEC) will finally recommend the applications for the award of INSPIRE Fellowship considering the academic merit, research proposal, supervisor's research credentials and host institution, etc. parameters on a competitive basis. **Note 3:** This Fellowship shall be available only for pursuing a full-time Ph.D. program in any recognized University / Institution/ R&D Laboratory in the country. > **Post-Selection Eligibility Criteria for Continuation of the Fellowship** 1. Keep DST updated regarding the Research progress made during fellowship tenure. 1. INSPIRE Fellow shall not take any paid or unpaid assignment other than related to his/her approved research program. However, if required, the fellow may assist the host institute in its academic activities as per Ph.D. program guidelines governed by the Host Institution, provided such assignments shall not hamper the progress of the research work of the fellow. 1. Once the INSPIRE Fellow joins the Fellowship, he/she shall complete the research work within the 5 years tenure of the fellowship to achieve the approved objectives of the research problem. 1. The INSPIRE Fellow must acknowledge the support provided by DST in all the publication(s)/patent(s) and Ph.D. Thesis. 1. Soft copy of the Ph.D. thesis published research papers and patent details if any shall be submitted in a USB storage device to the INSPIRE Programme Division of DST by speed post. 1. DST needs to be informed about any disciplinary action taken by the University against INSPIRE Fellow.
Exclusions: 1. Students who are 1st Rank Holders in College including Autonomous College Examination, and 1. Students who have obtained degree(s) through Distance Education Mode, and 1. Students who are 1st Rank Holder in any specialization at M.Sc. 2nd year/last year. 1. Students who are availing multiple (more than one) fellowships concurrently from different sources. > **Termination or Discontinuation of INSPIRE Fellowship** 1. Non-acceptance of Final Offer within 30 days from the date of issue of Final Offer. 1. Upon successful completion of Ph.D. viva-voce or 5 years of INSPIRE Fellowship tenure, whichever is earlier; 1. Resignation from the Fellowship before awarding a Ph.D. degree based on the Research Supervisor's recommendation and upon acceptance of resignation by DST as per the terms and conditions detailed in point 7 above. 1. Change of host institution without prior approval of DST. 1. In case, INSPIRE Fellow is found ineligible at any stage including submission of incorrect information / document(s) / application, any unintentional computer error or printer's devil, etc. 1. In case of termination of fellowship on the unethical ground(s) INSPIRE Fellow is liable to refund the completely released INSPIRE Fellowship grant along with interest.

Schem

details: > **Duration** The fellowship shall be tenable for a maximum period of five years from INSPIRE Fellowship "Effective Date" or completion of the Ph.D. program (i.e. up to the date of successful Ph.D. viva-voce), whichever is earlier. > **HRA** HRA to the Fellows shall also be applicable as per GoI norms depending upon the location of the Host Institute. > **Contingency Expenditure** Expenditure of contingency grant would be governed as per host institution norms. The limit of the contingency grant is Rs. 20,000/annum. The unspent balance of the contingency grant at the end of a year shall be adjusted to the next year with a maximum ceiling of Rs. 20,000. > **Internship** INSPIRE Fellow shall be allowed for availing of a short-term Research Internship at any national or international Laboratory/ University/ Institute up to a maximum period of 18 months either in one or multiple slots during 5 years tenure of Fellowship. > **Upgradation of Fellowship from JRF to SRF** The up-gradation of Fellowship from Junior Research Fellowship (JRF) to Senior Research Fellowship (SRF) would normally be considered after the completion of two (2) years of INSPIRE Fellowship. Description:
The "Unique Disability ID (UDID)" has been launched by the Department of Empowerment of Persons with Disabilities (DEPwD), Government of India, aiming to create a national database of Persons with Disabilities (PwDs) and issue a Unique Disability Identity Card to each individual to ensure transparency, efficiency, and ease in delivering government benefits. Through this scheme, Disability Certificates and Unique Disability Identity Cards are provided to Persons with Disabilities across the country. The scheme is implemented by competent medical authorities notified by the respective State Governments and Union Territories through the centralised UDID portal. The project supports online application submission, assessment of

disability percentage by hospitals or Medical Boards, online renewal and updating of information, and integrated management of government schemes and benefits for PwDs. It also eliminates duplicate records and enables tracking of the physical and financial progress of beneficiaries at the village, block, district, state, and national levels. District Welfare Officers assist in registration camps and application management, while District Collectors monitor implementation through reporting features available on the portal. **Objectives:** - To create a national database of Persons with Disabilities (PwDs). - To issue a Unique Disability Identity Card (UDID) to each individual. - To ensure transparency, efficiency, and ease in delivering government benefits to PwDs. - To maintain uniformity across regions in disability certification and identification. - To eliminate duplicate records of Persons with Disabilities. - To enable online renewal and updating of disability-related information. - To support integrated management of government benefits and schemes for PwDs. - To provide nationwide availability of PwD data through a centralized web application.

Description:

"NPS Vatsalya" Scheme was announced by the Hon'ble Finance Minister in the Union Budget for FY 2024-25. It is designed exclusively for minors below 18 years of age, with the objective of nurturing a culture of savings from an early age, promoting financial literacy, and building a secure financial future for children. The scheme is regulated by the Pension Fund Regulatory and Development Authority (PFRDA) under the PFRDA Act, 2013. Under this scheme, parents or guardians can open an NPS Vatsalya account for their children and contribute until the child reaches 18 years. The minimum contribution is Rs. 250 per year, and there is no limit on the maximum contribution. NPS Vatsalya fosters early financial planning, disciplined saving, and professional investment of funds dedicated to a child's future financial security, with regulatory safeguards.
 The NPS Vatsalya Scheme offers the following: **Modes of opening an NPS Vatsalya account:** - **Physical mode**: By visiting any registered PoP - **Online facility** provided by PoPs- **eNPS platform** of NPS Trust - Any other electronic mode approved by PFRDA **Contribution:** - Account Opening contribution: Min. Rs. 250/- and Max no limit. - Subsequent contribution: Min. Rs. 250/- p.a. and Max no limit. **Gift Contribution:** In addition to Parents/guardians, relatives and friends can gift contributions to the NPS Vatsalya account. **Investment** To manage investments of the contributions to the account, parents/guardians can choose any one pension fund (PF) registered with the PFRDA . **Upon Attainment of the age of 18 Years:** - Upon attainment of 18 years of age, the subscriber shall continue under NPS Vatsalya for a period of up to three years (till 21 years), unless the subscriber opts to exit or shift to NPS All Citizen Model or any other applicable model. - Upon attainment of 18 years of age, the subscriber shall be required to complete fresh KYC, furnish nominee(s) details and any other stipulated details
 Exit and withdrawal from the account: - For the purpose of education of subscriber, treatment of specified illnesses, disability more than 75%, or the reasons as may be specified by PFRDA in the interest of the minor subscriber, the guardian shall be allowed to partially withdraw up to 25% of subscribers' contribution excluding returns thereon after minimum 3 years from the date of opening of account. Subscribers/Guardians may take up to 2 partial withdrawals until the subscriber attains 18 years of age. After the subscriber turns 18, upon completion of the prescribed KYC requirements, two additional partial withdrawals are allowed during the period between 18 and 21 years of age. Such a facility shall be made available on a declaration basis. - In the case of the death of the minor subscriber, the entire accumulated corpus is to be paid to the guardian or nominee(s) or legal heir(s), as the case may be. The recipient shall also have the option to transfer the proceeds to their individual NPS account. - In case of the death of the guardian registered under the account, another guardian is to be registered on behalf of the minor subscriber by submitting the KYC documents as specified by the PFRDA from time to time. - In case of the death of both parents, the legally appointed guardian may continue the account with or without making contributions to the account, and upon attainment of 18 years of age by the subscriber, the subscriber shall have an option to continue or exit from the scheme. - The subscriber shall be allowed to exit only upon attainment of age of 18 years. Upon such exit, up to 80% of the accumulated corpus can be withdrawn as lump sum, and the balance is to be utilised for purchase of an annuity. In case the accumulated corpus is less than Rs. 8 Lakh, the subscriber shall have the option to withdraw the entire accumulated corpus. - If no option of either exit or shift to NPS is chosen by the age 21, the account automatically shifts to NPS in a higher-equity scheme under Multiple Scheme Framework, under the same Pension Fund and thereafter terms and conditions of NPS shall apply. Withdrawals will only be allowed after KYC is completed. - The exits and withdrawals under the scheme shall be governed by the provisions of the Pension Fund Regulatory and Development Authority (Exits and Withdrawals under the National Pensions System) Regulations, 2015 and amendments thereof.

Description:

The scheme Pradhan Mantri Bhartiya Janaushadhi Pariyojana (PMBJP) was launched by the Department of Pharmaceuticals, Ministry of Chemicals & Fertilizers, in November 2008. Branded medicines are sold at significantly higher prices than their unbranded generic equivalents, though both are identical in therapeutic value. Given the widespread poverty across the country, making reasonably priced quality generic medicines available in the market benefits all sections of society. **Objectives:** To make quality generic medicines available at affordable prices to all, PMBJP was launched by the Government of India in November 2008. Under the scheme, dedicated outlets known as Janaushadhi Kendras are opened to provide generic medicines at affordable prices. As of March 2026, more than 19,000 Kendras are functional across the country. The product basket comprises 2,100 medicines and 300 surgical items. The scheme is implemented by the Pharmaceuticals & Medical Devices Bureau of India (PMBI) [erstwhile BPPI], registered under the Societies Registration Act. **Objectives include:** - Ensuring access to quality medicines for all, especially the poor and deprived. - Creating awareness about generic medicines through education and publicity to counter the perception that quality is linked only to high prices. - Generating employment by engaging entrepreneurs in opening Kendras.

692. Kisan Credit Card

Primary Category: Farmers & Agriculture | State: All | Govt: Central Government | Ministry: Ministry Of Agriculture and Farmers Welfare

Secondary: Loans & Credit, Rural Development, Urban Development | Benefits: Subsidy, Loan, Insurance, Equipment, Food/Nutrition, Infrastructure Support |

Gender: Any | Age: None | Occupation: Farmer | Education: Postgraduate | Category: All

Income Limit: None | Area: Urban | Type: Group / SHG | Source: https://www.myscheme.gov.in/schemes/kcc

Description:

The KCC Scheme was introduced with the objective of providing adequate and timely credit to the farmers for their agricultural operations. The Government of India provides interest subvention of 2% and Prompt Repayment Incentive of 3% to the farmers, thus making the credit available at a very subsidized rate of 4% per annum. The scheme was further extended for the investment credit requirement of farmers viz. allied and non-farm activities in the year 2004 and further revisited in 2012 by a working Group under the Chairmanship of Shri T. M. Bhasin, CMD, Indian Bank with a view to simplify the scheme and facilitate issue of Electronic Kisan Credit Cards. The scheme provides broad guidelines to banks for operationalizing the KCC scheme. Implementing banks will have the discretion to adopt the same to suit institution/location-specific requirements. **Objective / Purpose** The Kisan Credit Card scheme aims at providing adequate and timely credit support from the banking system under a single window with the flexible and simplified procedures to the farmers for their cultivation and other needs as indicated below : 1. To meet the short term credit requirements for the cultivation of crops; 1. Post-harvest expenses; 1. Produce marketing loan; 1. Consumption requirements of farmer household; 1. Working capital for maintenance of farm assets and activities allied to agriculture; 1. Investment credit requirement for agriculture and allied activities **Type of Card** - A magnetic stripe card with PIN (Personal Identification Number) with an ISO IIN (International Standards Organization International Identification Number) to enable access to all banks ATMs and micro ATMs - In cases where the Banks would want to utilize the centralized biometric authentication infrastructure of the UIDAI (Aadhaar authentication), debit cards with magnetic stripe and PIN with ISO IIN with biometric authentication of UIDAI can be provided. - Debit Cards with magnetic stripes and only biometric authentication can also be provided depending on the customer base of the bank. Till such time, UIDAI becomes widespread, if the banks want to get started without inter-operability using their existing centralized bio metric infrastructure, banks may do so. - Banks may choose to issue EMV (Europay, MasterCard and VISA, a global standard for the interoperation of integrated circuit cards) and RUPAY compliant chip cards with magnetic stripe and pin with ISO IIN. - Further, biometric authentication and smart cards may follow the common open standards prescribed by IDRBT and IBA. This will enable them to transact seamlessly with input dealers and also enable them to have the sales proceeds credited to their accounts when they sell their output at mandies, procurement centres, etc **Delivery Channels :** The following delivery channels shall be put in place to start with so that the Kisan Credit Card is used by the farmers to effectively transact their operations in their KCC account. 1. Withdrawal through ATMs / Micro ATM 1. Withdrawal through BCs using smart cards. 1. PoS machine through input dealers 1. Mobile Banking with IMPS capabilities / IVR 1. Aadhaar enabled Cards

Schem

details: **Fixation of credit limit/Loan amount** 1. **The short-term limit to arrive for the first year: For farmers raising a single crop in a year:** Scale of finance for the crop (as decided by District Level Technical Committee) x Extent of area cultivated + 10% of limit towards post-harvest / household/consumption requirements + 20% of limit towards repairs and maintenance expenses of farm assets + crop insurance, PAIS & asset insurance.1. **Limit for second & subsequent year**: First-year limit for crop cultivation purposes arrived at as above plus 10% of the limit towards cost escalation/increase in the scale of finance for every successive year (2nd, 3rd, 4th and 5th year) and estimated Term loan component for the tenure of Kisan Credit Card, i.e., five years.1. **For farmers raising more than one crop** in a year, the limit is to be fixed as above depending upon the crops cultivated as per the proposed cropping pattern for the first year and an additional 10% of the limit towards cost escalation/increase in the scale of finance for every successive year (2nd, 3rd, 4th and 5th year). It is assumed that the farmer adopts the same cropping pattern for the remaining four years also. In case the cropping pattern adopted by the farmer is changed in the subsequent year, the limit may be reworked. 1. **Term loans for investments** towards land development, minor irrigation, purchase of farm equipment and allied agricultural activities. The banks may fix the quantum of credit for the term and working capital limit for agricultural and allied activities, etc., based on the unit cost of the asset/s proposed to be acquired by the farmer, the allied activities already being undertaken on the farm, the bank's judgment on repayment capacity vis-a-vis total loan burden devolving on the farmer, including existing loan obligations.1. **The long-term loan limit** is based on the proposed investments during the five-year period and the bank's perception of the repaying capacity of the farmer 1. **Maximum Permissible Limit**: The short-term loan limit arrived for the 5th year plus the estimated long-term loan requirement will be the Maximum Permissible Limit (MPL) and treated as the Kisan Credit Card Limit.1. **Fixation of Sub-limits for other than Marginal Farmers:** - **Short-term** loans and term loans are governed by different interest rates. Besides, at present, short-term crop loans are covered under Interest Subvention Scheme/ Prompt Repayment Incentive scheme. Further, repayment schedules and norms are different for short-term and term loans. Hence, in order to have operational and accounting convenience, the card limit is to be bifurcated into separate sub-limits for short-term cash credit limit cum savings account and term loans. - **The drawing limit** for short-term cash credit should be fixed based on the cropping pattern and the amounts for crop production, repairs and maintenance of farm assets and consumption may be allowed to be drawn at the convenience of the farmer. In case the revision of the scale of finance for any year by the district-level committee exceeds the notional hike of 10% contemplated while fixing the five-year limit, a revised drawable limit may be fixed and the farmer is advised about the same. In case such revisions require the card limit itself to be enhanced (4th or 5th year), the same may be done and the farmer be so advised. For term loans, instalments may be allowed to be withdrawn based on the nature of the investment and the repayment schedule drawn as per the economic life of the proposed investments. It is to be ensured that at any point in time, the total liability should be within the drawing limit of the concerned year. - Wherever the card limit/liability so arrived warrants additional security, the banks may take suitable collateral as per their policy.

They must involve themselves in full-time activities at sea. 1. They must be a member of the Welfare Society or Federation or Cooperative Society. 1. Please note that the fishermen under FISHCOPFED can avail of funds available under the insurance component only.
Exclusions: None

Schen

details: Here are the features and benefits that this government scheme for fishermen offers - Housing Facility The National Scheme of Welfare of Fishermen offers fishermen facilities for constructing houses. There is no upper limit for building homes in a particular village as it entirely depends on the number of fishermen residing. States through this scheme ensure equal distribution of houses among all fishermen. Also, this government-backed scheme dictates the house construction with a base area within 35 sq. mt. Also, the cost must not exceed Rs. 75,000. Construction of Common Facility This government-backed scheme ensures building a community hall in some instances if there are more than 75 houses in a village. This scheme will build a community hall (with two toilets and a tube well) with a base area measuring 200 sq. mt. and within Rs. 2 lakh. Fishermen can use this community hall as a mending shed and a drying yard. Assurance of Clean Drinking Water This scheme offers a tube well for every 20 houses. Also, depending on the requirement, the number of tube wells is increased. In addition, this scheme provides an alternative option where tubewell installation is not possible. Insurance Facility (For Group Accident Insurance for Active Fishermen)- This scheme provides fisherfolk or licensed or identified or registered with the States or Union Territory Rs. 50,000 in case of death or permanent total disability. Also, this scheme provides Rs. 25,000 for partial permanent disability. Here, the insurance cover will continue for 12 months, and FISHCOPFED would take out a policy. Also, under this scheme, the affected fishermen will have to pay an annual premium worth Rs. 15 (per head). Here, the Central Government will pay 50%, and the State Government will pay the remaining 50% subsidy as grants-in-aid. In the case of Union Territories, the Central Government will bear a 100% premium. On the other hand, those States/UT's, which subscribed to this Group Accident Insurance for Active Fishermen through FISHCOPFED, will get a Central share of assistance (100% premium for Union Territories) directly through FISHCOPFED and not through States/UT's. Saving cum relief The National Scheme of Welfare of Fishermen further offers a savings cum relief scheme. This scheme component collects Rs. 75 from marine fishermen for 8 months in a year. Total Rs. 600 needs to be collected to match an equal amount worth Rs. 600 provided by the State and Central Government to segregate on a 50:50 basis. If any fishermen fail to make payment, the authorities will refund the paid amount with interest at the end of the 4th month. Also, the 'lean months' provisions vary from a coastal area or marine area, which FISHCOPFED decides entirely. Now that individuals know about this government scheme for fishermen, i.e. the National Scheme of Welfare of Fishermen, they avail funds and construct houses of their own.

Description:

Objective The main objective of the mission is to double the farm income, in unison with the vision of Hon'ble Prime Minister Shri Narendra Modi. **CMSGUY: The Way Ahead** At the current rate of growth, it will take about 80 years to double the farm income in Assam. Normal interventions by the Government in this regard would not be adequate to address the problem. Under CMSGUY there is a proposal to initiate massive investments in rural areas for complete rural empowerment in a period of five years in a focused and concerted manner to realize the dream of doubling the farm income. This is sought to be achieved through a 'saturation model' by covering each revenue village through focused interventions in 1. Direct economic activities, 1. Logistic support including market linkages, and 1. Community support. Above focused interventions are aimed at in nine critical areas and related sub-missions are: 1. Fishery Mission, 1. Milk Mission, 1. Organic Mission, 1. Land Management and Conservation Mission, 1. Sericulture, Khadi and Cottage Industry Mission, 1. Road and Broadband connectivity, 1. Semi-Processing, Processing and Market Linkages, 1. Description:

Detailed Atal Sneh Yojana in Gujarat is the scheme that has launched on the 25th of December 2016 on the occasion of former Prime Minister Atal Bihari Vajpayee's ninety-second birthday. The scheme is launched by the Chief Minister of Gujarat, Mr. Vijay Rupani. The scheme will look forward to a healthy child after their birth. It was decided at the Gandhinagar Civil Hospital and it will look upon the children up to two months after their birth. After focusing on the health of the children and covering some major diseases the government has now shifted its focus to core issues. Basically, the Atal Sneh Yojana will replace the decades-old Annual School Program which was being carried out by the health and education departments. For this new scheme, newborn children will be screened specifically to look for health defects and improve them. This is being launched wide across Gujarat. Under this scheme, the newborn kids will be screened and given treatment immediately if there is any illness found. It will be carried out for two long months. **Objectives** 1. Through this scheme, children can be provided with better health. Better health will lead to avoiding malnutrition, disorders, and diseases. 1. Around seven percent of newly born babies every year are suffering from certain disorders and that has created a serious issue in the international platform. So by preventing such trouble, the country can be in a better position in international health conferences. 1. With such schemes, the government is also looking for a stronger young generation and this young generation would lead to having a stronger nation. **some of the dire diseases kids suffer from** 1. The children suffer from some very grave diseases such as complicated birth defects such as Down's syndrome, congenital deafness, club foot, neural tube defect, etc. 1. These are not all. There are some diseases, which are there present in the dormant state within the genes. By checking the kids at their tender age, the doctors will be able to better treat them. 1. The Chief Minister of the state launched that all of the diseases that are detected at the maternity homes by the government will be taken care of by the government.

Income Limit: Below Rs. 8.0 Lakh p.a. (EWS) | Area: Rural | Type: Group / SHG | Source: https://www.myscheme.gov.in/schemes/apds

Description:

The scheme "Arun Pig Development Scheme" was launched by the Department of Animal Husbandry, Veterinary & Dairy Development, Government of Arunachal Pradesh in the financial year 2019-20 with a focus on pig rearing. Among the livestock species, the pig finds an important place as it is being reared by socio-economically weaker sections of the society especially in the states like Arunachal Pradesh where most of people prefer non-veg cuisines with special attractions for Pork. The pig as compared to other livestock species has a great potential to contribute to a faster economic return to the farmers, because of certain inherent traits like high fecundity, better-feed conversion efficiency, early maturity, and short generation interval. Pig farming also requires small investments in buildings and equipment. **Objective** - Genetic improvement of the indigenous pigs of Arunachal Pradesh for productivity enhancement by crossbreeding with the exotic breed(s) to a desired level of combination of exotic and local inheritance, - Improvement of indigenous pig rearing by the rural people by selective breeding, - Livelihood earning - Maintenance of well-planned crossbred animals at farmers' field - Expansion of piggery husbandry and support mechanism to propagate pig rearing in rural areas - Ensure that the breeds introduced, and crossbreds produced and propagated in the state are adapted to local environmental conditions and emerging climatic challenges, - Strengthen support mechanisms and development of the sector in respect of feeding, housing, and health care besides value addition and marketing of the product with value chain development. - Scientific rearing and motivation of farmers for integrated piggery farming. **Important Features** - Seeing the low interest of the actual grass root level farmer for the credit link schemes and their poor success rate, a new venture for piggery development in the state through direct intervention by the Department of AHV&DD, GoAP in terms of upgradation of genetic resources, and other peripherals, a new and innovative scheme is proposed for Budget Announcement 2019-20 for sustainable development and poverty alleviation of Farmers through Pig Rearing in potential districts of Arunachal Pradesh. - Livelihood earning, improvement of indigenous pig rearing by the rural people by selective breeding along with maintenance of well-planned crossbred animals at farmers' fields. - Expansion of piggery husbandry and support mechanism to propagate pig rearing in rural areas. - Ensure that the breeds introduced, and crossbreds produced and propagated in the state are adapted to local environmental conditions and emerging climatic challenges.

Description:

Coaching schemes for students belonging to SC (Scheduled Caste), ST (Scheduled Tribe), OBC (Other Backward Classes) (non-creamy layer), and minority communities are implemented to provide them with equal opportunities and support in pursuing higher education. These schemes aim to bridge the educational gap and enhance the competitiveness of these students. The Commission has been providing separate assistance to the universities - For remedial coaching at UG and PG levels. - Coaching for entry into services. - Coaching for NET to Scheduled Castes, Scheduled Tribes, and Minority Candidates. The Commission has decided to merge this scheme with the General Developmental Assistance scheme of the universities and assistance for this component will be over and above the ceiling of General Developmental Assistance. **Objective Of The Scheme** **I. REMEDIAL COACHING FOR SC/ST/OBC (NON-CREAMY LAYER) & MINORITY COMMUNITY STUDENTS** Remedial Coaching is to be organized at the Undergraduate and /or Postgraduate level with objectives to: - Improve the academic skills and linguistic proficiency of the students in various subjects. - To raise their level of comprehension of basic subjects to provide a stronger foundation for further academic work. - To strengthen their knowledge, skills, and attitudes in such subjects, where quantitative and qualitative techniques and laboratory activities are involved, so that, the necessary guidance and training provided under the program may enable the students to come up to the level necessary for pursuing higher studies efficiently and to reduce their failure and dropout rate. - To provide career guidance and psychological counseling for capacity building to those who are in need of such counseling. **II. COACHING CLASSES FOR ENTRY INTO SERVICES FOR SC/ST/OBC (NON-CREAMY LAYER) AND MINORITY COMMUNITY STUDENTS** Coaching scheme for entry into services is to be organized with objectives to: - Prepare students to gain useful employment in Group A', 'B' and 'C' in Central services, State services, and equivalent positions in the private sector. - To orient students for particular examinations conducted for selection to services such as IAS, State Public Services, Bank recruitment, etc. - To focus on the specific requirements of a particular competitive examination. The University may develop Employment Information Cell for providing information about various competitive examinations in the area of their operation. **III. COACHING FOR NATIONAL ELIGIBILITY TEST OR STATE ELIGIBILITY TEST FOR SC/ST/OBC (NON-CREAMY LAYER) & MINORITY COMMUNITY STUDENTS** The main objective of the scheme is to prepare Scheduled Castes, Scheduled Tribes, and Minority Communities candidates for appearing in NET or SET so that a sufficient number of candidates becomes available for selection as Lecturers in the university system.
