3930. Dikri Development Scheme-DNH&DD

Primary Category: Insurance & Social Security | State: Dadra & Nagar Haveli and Daman & Diu | Govt: State Government | Ministry: None

Secondary: Scholarship & Education, Women & Girls, Health & Medical | Benefits: Insurance, Food/Nutrition, Identity Card / Certificate | Beneficiaries: Wome

Gender: Female | Age: 0-18 Years | Occupation: None | Education: ITI / Diploma | Category: All

Income Limit: None | Area: Both | Type: Organization / Institution | Source: https://www.myscheme.gov.in/schemes/dds

Description:
The scheme "Dikri Development Scheme" has been launched by the Department of Health and Family Welfare, U.T. Administration of Dadra & Nagar Haveli & Daman & Diu. It aims at "Saving girls" as its primary objective. Through this scheme, an amount inclusive of all taxes is deposited in the Life Insurance Corporation of India under the Single Premium Endowment Plan (No. 917) in the name of the girl child for the first two living girl issues of the couple. The money will be deposited in the name of the girl child, and on attaining the age of 18 years, the child can utilize the money for her welfare. The delivery should be carried out at Government / registered private hospitals of the U.T. of Dadra & Nagar Haveli &

Daman & Diu, and the application should be submitted within three months from the date of delivery. > **Objectives** 1. **Improve the Sex Ratio at birth:** The scheme envisages no female foeticide in the districts of Dadra & Nagar Haveli & Daman & Diu. For the said vision, the UT Administration deposits a sum in the name of the girl child, which she can utilize for her higher education or social obligations like marriage. The financial support that the UT provides is a drop in the ocean when it comes to saving girls when we talk about the entire nation. The Administration, in its quest to save the girls of this territory, has undertaken this noble cause on its shoulders and has been sustaining the scheme for over a decade now. The Sex Ratio, which used to be around 920 in DNH & 904 in Daman & Diu (Census 2011) which has improved and has touched 930 now (CRS) which in itself is a feat. But to maintain and bring the sex ratio to 950, the scheme is proposed to be continued in the coming years too. 1. **Promote Institutional Deliveries:** The criteria for availing the policy/ scheme ensure that the delivery takes place in an Institution/Hospital/Nursing Home, which automatically ensures promotion of Institutional Delivery, which has risen from 80% to 99% over the last 12 years. The scheme also aims at bringing the Maternal Mortality to Zero and Infant Mortality to a single digit number. 1. **Reduction in Maternal Mortality, Infant Mortality:** The eligibility criteria include the age to be 18 years complete, which prevents teenage pregnancies and allows the mother and the child to have a healthy growth & discourages early marriages. The premature births are seen to be low in the age group of 18 years. 1. **Increased uptake of family planning services:** The delay in pregnancy till the mother is 18 years helps in preventing early pregnancy and thus increases the usage of contraceptives, which in turn helps in improving the Total Fertility Rate. Also, the criteria of only the first two girl children shall get the benefit of the scheme, which also helps in controlling the size of the family.

Description:

Introduction a. The scheme (operated hitherto as Special Scheme for NER) provides financial assistance to institutions located in the North East Region for solving water problems in the campus, providing alternative power support and high-speed internet connectivity. This will significantly address the infrastructural problems confronted by students on day to day basis. The Scheme is being implemented through the Indian Institute of Technology- Guwahati. b. North East India largely has hilly regions where the supply of water is not regular throughout the year and during the dry season, there is no secured water supply in the institutes. Water harvesting projects are supported under the Scheme for assured water even during the dry season. c. Most of the urban and rural areas in North Eastern India are deprived of continuous electricity supply, which not only affects daily life but also imparting of higher technical education. The scheme makes the provision of installations for captive solar power energy; at places where the solar energy is not effective, procurement of generators can be considered. Such support will make the technical institutes function better by meeting the shortage of conventional electricity supply: d. The availability/ connection of the internet facility is also not up to the desired level in North Eastern Region. To mitigate this problem, funding for setting up an initial internet connection is considered under the Scheme. Recurring expenditures for the future shall have to be borne by the institution. **Objective** To enhance the functional efficiency of the technical institutes located in far-flung areas of North East India, by addressing deficiencies in water, electricity, and internet connectivity on the campuses.

Description:

Detailed The entrepreneurs of the State, more particularly the 1st generation entrepreneurs are facing problems to convert their ideas into reality due to a lack of adequate resources in the form of equity, loan, etc. Getting loans or financial assistance from banks/Financial Institutions for any new venture is a major problem in the State as Banks/Financial Institutions are very reluctant to provide loans considering it a risk for them. To remove this hurdle of equity /fund crunch, the State Government has proposed to launch a new scheme called Chief Minister's Start-up fund "Sarothi" with an initial amount of Rs.10 Cr during 2016-17. The fund shall be managed by the Industries & Commerce Department as per its operational guidelines. The scheme shall be operational from the financial year 2016-17 and shall be valid for a period of five years. The proposed guidelines of the scheme do not supplement the argument given above as it does not propose to give equity support, instant aimed at giving interest concession. The basic objective of the scheme is to provide financial assistance in the form of a loan with Interest subvention through a designated Bank covering the whole of Assam. The loan so availed by the beneficiaries will be supported by the State Govt. through Interest Subvention @ 5% P.A. **The coverage of the scheme shall be:-** 1. 3954. Development Support for Coffee in Traditional Areas: Replantation

Primary Category: Social Welfare & Other Benefits | State: All | Govt: Central Government | Ministry: Ministry Of Commerce And Industry

Secondary: Financial Assistance, Farmers & Agriculture, Business & Entrepreneurship | Benefits: Subsidy, Food/Nutrition | Beneficiaries: Farmers, Rural Pop

Gender: Any | Age: None | Occupation: Farmer | Education: ITI / Diploma | Category: SC/ST

Income Limit: None | Area: Both | Type: Individual | Source: https://www.myscheme.gov.in/schemes/dsctar

Description:
The scheme "Development Support for Coffee in Traditional Areas: Replantation" is a Sub-Component of the Scheme "Integrated Coffee Development Project During the Medium Term Framework (MTF) Period: Development Support to Stakeholders" by the Coffee Board, Department of Commerce, Ministry of Commerce and Industry. The objective of this scheme is to improve the production and productivity of coffee plantations by encouraging replantation of old/senile and unproductive plantations with high-yielding, disease-tolerant coffee varieties.

Eligibi

Who Can Apply: 1. Only Small growers with coffee holding sizes of up to 10 Ha. are eligible. 1. Applicable for replantation of existing old/senile and low-productive Arabica and Robusta coffee plantations; aged 25 years in the case of Arabica, 40 years in the case of Robusta and 15 years in the case of Arabica dwarfs by adopting either clean replanting or interlining in the existing blocks. 1. In the case of inter-planting of Arabica in Robusta adopting clean replanting, the subsidy will be given only to Robusta which is the main crop. 1. When interlined in the old blocks, the old/unproductive plants should preferably be removed after one harvest and under no circumstances beyond two harvests i.e., for instance, if interlining is done in August-September 2017, the old plants should preferably be uprooted after harvesting the standing crop by December 2017 to March 2018 or after harvesting the second crop by December 2018 to March 2019. This would ensure that the newly interlined plants would not suffer too much root competition and receive adequate sunlight for vigorous growth. 1. In Arabica zones with an elevation of 1000 metres above MSL, the old Arabica coffee blocks should be replanted with disease-tolerant, high-yielding Arabica varieties only. In other areas, with an elevation of less than 1000 meters above MSL, which is suitable for both Arabica and Robusta cultivation, the existing Arabica blocks replanted with Robusta material are eligible. 1. In states like Tamil Nadu, if coffee is grown along with intercrops like pepper, orange, banana etc., and the land documents indicate the extent of each crop separately, in such a situation, the subsidy will be based on the actual extent of the area replanted with coffee or based on the maximum extent of land mentioned in the land documents, including other intercrops, whichever is less. 1. As far as possible, the growers should adopt appropriate planting designs that are suitable for the mechanization of farm operations. In the case of estates that adopt such a modified planting design amenable to mechanization, the subsidy will be considered for the entire area of replanting and not based on the plant population.
Exclusions: 1. A grower who has availed subsidy under one activity/component is not eligible to avail subsidy for the same activity/component during the MTF period until new beneficiaries are covered. 1. Arabica replaced with Robusta material at a higher elevation of more than 1000 metres is not eligible for support.

Schem

details: **Unit Cost for Arabica:** Rs. 2,75,000/- per ha **Unit Cost for Robusta:** Rs. 2,00,000/- per ha. **Scale of Subsidy:** 40% of the unit cost Coffee growers belonging to the SC/ST community with a coffee holding size of up to 4.00 Ha are eligible for additional support of 10% of the unit cost. ##### **Release of Subsidy Instalments** > **In the case of Clean Replanting:** - 1st Instalment: 70% of the Applicable Unit Cost. - 2nd Instalment: 30% of the Applicable Unit Cost. > **In the case of Replantation by Interlining Method:** - 1st Instalment: 30% of the Applicable Unit Cost. - 2nd Instalment: 70% of the Applicable Unit Cost.

Description:

Margdarshan Initiative has been introduced by All India Council for Technical Education in 2018 for facilitating the technical institutes in order to improve the quality of technical education as a whole through accreditation by providing access to the facilities available in host institute.This Initiative is a facilitative mechanism that aims to foster & augment the support ecosystem in the Institutes approved by AICTE for enhancing their quality across all domains. > **Margdarshan Institute or Mentor Institute(MI):** A well-established AICTE approved institute/Centrally Funded Institutes such as IITs/ NITs /IIITS/IISc/ISERs/IIMs etc. referred to as Margdarshan Institute or Mentor Institute (MI) is supported with an objective to mentor up to 10 nearby institutes in achieving accreditation. > **Mentee Beneficiary Institute (MBI):** A mentee beneficiary institute (MBI) shall be facilitated by the MI by sharing the best practices, guidance for initiating project proposals, achieving outcome based education and other related aspect. The MBI should be located within a reasonable distance of MI (approximately 200 km). The MI shall be required to submit a list of potential MBIs (limited to 10 institutes) while submitting the application. It may be noted that the participation of an institute to receive mentoring by an MI is purely on voluntary basis. On confirmation of the nomination as MI from AICTE, an MoU shall be executed between the MI and the respective associated MBIs. The Council does not approve of any sort of financial transaction or effect accruing out of such MOU. General terms and conditions of MOUs may be mutually decided between the MI and respective MBIs. In addition, MOU should mandatorily contain undertaking from respective MBIs stating that: - They have never been enrolled as MIs by AICTE. - They have never been mapped as MBI with any other MI. - None of their programs were accredited in the past ten years. > **Prerequisites:** An institute seeking MI status must carry out an initial assessment of MBI to ascertain the threshold of host institute for getting accreditation (check of basic parameters such as admissions/enrolment for last three years, faculty, infrastructure etc.). Selecting a MBI without having adequate potential shall be a futile exercise. MIs have to submit present status of the department-wise approved intake, enrolled admissions and present accreditation status of all the proposed MBIs.

Eligibi

Who Can Apply: > **For Margdarshan Institute or Mentor Institute(MI):** - The institution, i.e. university, institute, college should have been approved by AICTE. AICTE approval is not mandatory in case of Central Funded Institutions wherever applicable. - In case of AICTE approved institutions, MI must have got accreditation for consideration under the scheme. The Accreditation status for such programs should be valid for at least 6 moths from the date submission of the proposal. - **Institutions with other programmes:** AICTE approved institutions other than those of engineering like Management, Hotel Management, the accreditation status should be valid for at least 6 months from the date of making the application. - **Institutions with Diploma Courses:** An institute exclusively running the diploma courses can also submit the proposal for MI. There should be minimum four diploma courses running in the institute with valid accreditation status for at least 6 months from the date of making the application.> **For Mentee Beneficiary Institute (MBI):** - Only AICTE approved institutes are eligible to receive mentoring from MIs. - They have never been enrolled as MIs by AICTE. - They have never been mapped as MBI with any other MI. - None of their programs were accredited in the past ten years.
 Exclusions: > **For Margdarshan Institute or Mentor Institute(MI):** - AICTE approved institutions having break in extension of approval or no admission in the institute for any reason, whatsoever, in the last 10 years shall not be considered. - An institution cannot submit more than one project proposal for MI scheme. - Department wise nomination is not acceptable. - An institute having common management/board/parent trust will not be eligible for MI if another institute under the same parental control is already functioning as MI. - The proposals of institutes having only UG courses accredited shall not be considered for mentoring of MBIs seeking accreditation of PG programs. > **For Mentee Beneficiary Institute (MBI):** - Any institute functioning under the same board/management/ trust as that of MI is not permitted for adoption as MBI under the scheme.

Description:

Telecommunication technology products require significantly large funding and long gestation periods for R&D and commercialization including the additional efforts and resources for the products to move from prototype to commercial grade. In the cases of high-impact deep-tech projects, elaborated in later sections, there is a need for higher funding to build such products at an affordable cost to enable state of the art services for rural areas in the country. Taking note of this strategic need in the telecom sector and to create a large pool of capital available for R&D in the country, different financing instruments are offered under various schemes of the Government of India to develop indigenous technologies and solutions. Apart from the existing R&D funding mechanisms, annual collections under the Universal Service Obligation Fund (USOF) will also be utilized by the Department of Telecommunications (DoT) for funding research and development of technologies, products, and services for the purpose of providing telecom services in rural and remote areas. An allocation of 5% of annual collections from USOF will be available for funding R&D in the Telecom sector, starting with the funds collected in the financial year 2021-22. Commercialization and adoption of these telecom technologies and solutions developed shall be given priority including through USOF schemes. Induction of new technology developments in the telecom sector in rural and remote areas through pilots and trials. Deliverables are in line with the objectives, scope, and activities envisaged above. The impact of the Scheme would be measured in terms of: 1. Number of products, solutions, Use cases developed, commercialized and its market value; 1. Number of entities received educational order, culminating in getting full-fledged orders; and 1. Number of IPs generated and commercialized.

Eligibi

Academic institutions 1. R&D institutions, Section 8 companies / Societies, Central & State government entities / PSUs /Autonomous Bodies/SPVs / Limited liability partnerships- with a focus on telecom research and development 1. Collaborative consortium of the above entities 1. For Pilots: The above entities may partner, inter alia, with PSUs, TSPs, Central/State Government entities, government autonomous bodies, SPVs, etc. 1. For Pilot application: Minimum TRL 7 is required.
Exclusions: Exclusions (if any): 1. When an Indian Company receives a grant under the scheme, it is envisaged to retain its status as a 'Domestic Company' for a minimum period of two (2) years after completion of the project to enable the percolation of public funded R&D benefits into the ecosystem. 1. If a foreign investor1 or foreign Successor-in-Interest wishes to acquire a majority stake, within the above two-year period, the company can do so, by paying twice the grant principal amount received directly or through a partnership with academia/research institution under the scheme.

Schem

details: The scheme is envisaged to bridge the digital divide by developing and manufacturing the state-of-the-art technologies for rural and remote areas. The objectives are, inter alia, to promote: 1. Technology Ownership and indigenous Manufacturing (Atmanirbhar Bharat) & reduce import and open up export opportunities; 1. Proliferation of next-generation Telecom technologies in Rural and Remote areas; 1. Creating a culture of Technology co-creation and co-innovation; 1. Promote the ecosystem for research, design, prototyping, development, proof of concept testing, IPR creation, field testing, security, certification, and manufacturing of telecom products, end-to-end Solutions, Usecases, Pilots, inter alia; develop and establish relevant standards to meet national requirements and enable their standardization in international standardization bodies; 1. Promote rural-specific communication technology application/use case development that caters to the needs of rural masses and adds value to their day-to-day activities both economic and social; 1. Create synergies among the Academia, Research Institutes, Start-ups, and Industry for capacity building and development of the telecom ecosystem through outreach to build rural/remote areas relevant technologies and solutions; 1. Bridge the gap between R&D and commercialization of products and solutions; 1. Enable proliferation of affordable broadband and mobile services; 1. Enable technology demonstration, product integration, pilots, and field trials of the products and solutions; 1. Enable Technological/business model innovation in solutions and services by utilizing existing infrastructure of USOF/DoT/GoI funded projects; or 1. Commercialize developed technologies under the scheme. USOF schemes shall incorporate necessary provisions to ensure to enable the rollout of these indigenously developed and piloted technologies developed in all its models.

Description:

The "Scheme for Assistance for Start Ups/ Innovation" is an umbrella scheme launched by the Industries and Mines Department, Gujarat under the Gujarat Industrial Policy. Effective from August 7th, 2020 to August 6th, 2025, it aims to drive economic growth by generating jobs, fostering competition, and introducing next-gen solutions. The component "Pre-Series A Funding", bridges the financial gap known as the "valley of death" in a startup's lifecycle. This phase occurs after commercialization, when startups begin generating revenue but have not yet gained significant market traction. Under Gujarat Venture Finance Limited (GVFL), a special fund is created to provide mid-level Pre-Series A funding to startups, particularly those that have received seed support under various government schemes.

Eligibi

Who Can Apply: - Any individual or group of individuals with an innovative idea or concept, recommended by an approved Nodal Institution, is eligible. - The scheme is open to startups in any sector or branch of science, technology, engineering, agriculture, healthcare, etc., making it sector-agnostic. **Note:** Startups availing benefits under the Student Startup and Innovation Policy (SSIP) are also eligible.
Exclusions: - Entities formed by splitting or restructuring an existing business are not considered startups under this scheme. - Startups availing benefits under other startup schemes of the Government of Gujarat are ineligible.

Schem

details: - **Bridges Funding Gap:** Provides financial support during the critical "valley of death" phase.

4068. Tagore National Scholarship for Cultural Research

Primary Category: Scholarship & Education | State: All | Govt: Central Government | Ministry: Ministry Of Culture

Secondary: Financial Assistance, Loans & Credit, Urban Development | Benefits: Scholarship, Financial Assistance, Loan, Food/Nutrition | Beneficiaries: Stud

Gender: Any | Age: None | Occupation: Student | Education: ITI / Diploma | Category: All

Income Limit: None | Area: Urban | Type: Organization / Institution | Source: https://www.myscheme.gov.in/schemes/tnscr

Description:

The Scheme "Tagore National Scholarship for Cultural Research" has been introduced to invigorate and revitalize the various institutions under the Ministry of Culture (MoC) and other identified cultural institutions in the country, by encouraging scholars/academicians to affiliate themselves with these institutions to work on projects of mutual interest. With a view to infusing fresh knowledge capital into the institutions, the scheme expects these scholars/academicians to select specific resources of the institutions to use in their projects and take up research works that are related to the main objectives of these institutions. It is also expected that the research work would enrich the institution with a new creative edge and academic excellence. > **Nodal Institutions (Participating Institutions):** The Scheme shall cover the institutions under the Ministry of Culture (MoC), as listed in the [Guidelines](https://www.indiaculture.gov.in/sites/default/files/Schemes/TNFCR%20Guidelines_14-07-2023_17072023.pdf), and may cover other such institutions in the future. The scheme will also cover Non-MoC institutions with cultural resources like manuscripts, artifacts, antiquities, books, publications, records, etc., and seek to take advantage of the scheme by engaging distinguished Scholars to work on its resources and also known for its rich publications. The nodal institutions (both MoC and non-MoC) are classified into four groups broadly based on their different areas of specialization, focus, and resources. The classification is as follows: 1. Group-A: Archaeology, Antiquities, Museums & Galleries 2. Group-B: Archives, Libraries and General Scholarship 3. Group-C: Anthropology & Sociology 4. Group D: Crafts, Performing/Visual/Literary Arts > **Scope of the Scheme:** The scope of the Scheme is to enable the identified cultural institutions to engage Scholars of outstanding merit, to work on research projects in order to unravel their unexplored resources. For purposes of convenience, monitoring, accounting, and responsibility, one of the institutions listed above would be the 'Nodal Institution' for each project, and the Scholars will be attached/anchored to that institution. > **Duration of the Scholarship:** - The duration of the Tagore Scholarship is up to 2 years. - In exceptional cases, the institution may recommend to the NSC an extension for a period of up to one more year, or a reduction to somewhat less than two years, if it is supported by its assessment of the quality of the work undertaken. However, in the case of extension, the Scholar won't be eligible for any remuneration including contingency. - The award of the Scholarship will commence from the date of joining and the 'months' and 'years' will be reckoned accordingly. > **Number of Scholarships:** - The scheme envisages the granting of up to 25 Scholarships in a year. - Each nodal institution can be awarded 1 Scholarship or a maximum of 2 scholarships in a year. However, the MoC has the discretionary power to relax these numbers. > **Administration of the Scheme:** The total number of Scholarships administered by the institutions may be decided by the Ministry of Culture from time to time, in consultation with the participating institutions. This will be based on certain criteria such as the size of its untapped holdings, physical facilities already existing in the institution, the capacity of the institution to guide and inspire the Scholars to get the best out of them, its past record in publication and research, need for research/study in a particular area, etc. An amount of up to 2% of the total allocation may be set aside for meeting expenses related to the administration of the scheme including monitoring, implementation, inspection, review, etc. of the research work carried out by the Scholars, through outsourcing or Consultants.

Who Can Apply: 1. A scholar with good academic credentials at least one publication, either a book or a research paper in reputed journals, and 2 years of research/teaching experience will be eligible to apply for the Tagore National Scholarships. 1. This scheme also gives opportunities to young artists/performers to apply for the scholarship. 1. The scholars also need to identify a nodal institution from the list given in [Appendix B](https://www.indiaculture.gov.in/sites/default/files/Schemes/TNFCR%20Guidelines_14-07-2023_17072023.pdf) according to their preferences/expertise to conduct original research preferably by using the sources of the same institution. The research work may also include the identification and cataloging of sources available with the institution or the archiving and creation of new sources that the institution should have. (Guidelines for preparing research proposal are given in [Appendix A](https://www.indiaculture.gov.in/sites/default/files/Schemes/TNFCR%20Guidelines_14-07-2023_17072023.pdf)) > **Areas of Research and Eligible Projects:** 1. The selected Scholars will normally work on a project that benefits the Nodal Institution in terms of unraveling its resources. The subject of research should be one that can be usefully pursued with the resources and facilities of the Nodal Institution awarding the Scholarship, though he/she will be free to draw on the resources and facilities of other institutions, as well. 1. If the subject of research extends to more than one institution or the Scholar otherwise needs to draw upon the resources and facilities of other institution(s), the Nodal Institution awarding the Scholarship would recommend the Scholars to such other institution(s). In rare cases, where two institutions appear to be of almost equal importance to the Scholars, the second institution may be deemed to be the 'Co-institution' and the two may sign a Tripartite MoU regarding Intellectual Property, Publication, Credit sharing, facilities, etc. but accounting shall be with the Nodal Institution. 1. Since the Scheme is focused on unraveling the cultural resources of the Nodal Institution, the project must be driven in that direction, that is, to use substantially the resources of the Nodal Institution. The inputs required for

the project should have a very strong linkage with the resources available with the Nodal Institution and (in rare cases) the Co-institution. 1. At the end of it, the project outcome must be beneficial for the Nodal Institution or co-institution, if any, and must add to the existing knowledge of the institution/subject.
Exclusions: None

Schem

details: **Honorarium:** - The scholarship honorarium will be Rs. 50,000/- per month. However, if the scholar is from a University, College, Research Institute, or Government set-up in India, he/she would be entitled to the same pay, including grade pay, etc., which he/she would have drawn had he/she continued in his/her parent organization. **Note:** Essential or mandatory contribution of the employer to Provident Fund etc. would be paid by the parent organizations had he/she continued in his/her parent organization. > **Contingency Grant:** - In case of scholars selected as Tagore Scholars under Non-MoC institutions, will also be paid a contingency grant by the Ministry on an 'actuals basis' up to a maximum ceiling of Rs. 10,000 per month and such other allowances/benefits provided in this scheme, and to the extent, as may be specifically decided in each case by the ILSCC/NSC (within the limits applicable in the case of Tagore National Fellows), depending on the nature and the duration of the project subject to the verification of the bills by the Nodal Institutions. **Note:** For scholars selected under MoC Institutions, the expenditure in this regard will be borne by the concerned MoC Institution from the grant-in-aid received by them from their administrative Division of the Ministry. > **Accommodation:** - A Scholar who is not a bona-fide resident of the place of the Participating Institution to which he has proposed to be affiliated and who intends to take up rented accommodation in the city of the desired Institution will be required to indicate this fact at the time of applying for Scholarship. - The selected Scholar will be entitled to receive a House Rent Allowance of up to 30% of the honorarium. However, with respect to Scholars from University, College, Research Institute or Government set up, HRA will be paid by the Parent Organization as per entitlement. - MoC Institutions will bear the expenditure in this regard from the grant-in-aid received by them from their administrative Division of the Ministry. - In respect of Non-MoC Institutions, the Ministry of Culture will reimburse the House Rent Allowance directly to Scholars on submission of rent receipts (in original) to the Participating Institutions who will verify and forward the same to the Ministry for reimbursement. > **Settling Allowance:** - A Scholar from outstation will be given, if required, a lump sum grant of Rs. 1.00 lakh as settling allowance for packing/transportation, etc., of his personal belongings from the old station to the new station of his stay during the tenure of the Scholarship, if he moves station or otherwise transports books and academic effects. - Allowance of an equal amount will also be given at the conclusion of the Scholarship for moving out of station. On a case-to-case basis, economy airfare from his/her place/country of residence will be provided/reimbursed upon joining and on the conclusion of the Scholarship. - In this regard, Non-MoC Institutions will bear the expenditure and thereafter seek reimbursement from the Ministry after submission of certified copies of Bills along with justification. - Intimation in advance is also required to be given to the Ministry by the Non-MoC Institutions. MoC Institutions will bear the expenditure in this regard from the grant-in-aid received by them from their administrative Division of the Ministry. > **Support to Scholars:** - Infrastructural support will be provided by the Nodal Institution to the Scholars to enable them to conduct their research. This may include the provision of a computer with peripherals and connectivity, working space in the institution's premises, providing a congenial atmosphere to carry out research, etc. Other facilities, like appropriate seating arrangements, library facilities, etc., will also be made available. - One important advantage of this scheme will be the access of the Scholars to national institutions for study and avail original and rare research material. In respect of foreign Scholars engaged under this scheme, necessary political/security clearances from the concerned Ministries/Departments shall be obtained by the Ministry of Culture. - Encouragement and financial support may also be given to enable the Scholars to present papers at conferences hosted by the concerned institution or other related organizations and institutions, which will be met out/reimbursed, on an 'actuals' basis, with a ceiling of Rs. 1.00 lakh per annum, provided adequate academic interaction is arranged.

Application Process: how_to_apply: Offline Application Process: Step 01: The Ministry of Culture and/or the concerned institution will widely advertise the Scholarship in the leading national/regional newspapers and on its website (which should give all details) and also disseminate the scheme through professional associations/forums in the relevant fields, so that maximum publicity is accorded to the Scheme. Step 02: Eligible Scholars who can spare time of about two years to do a project based on the resources of any of the participating institutions can only apply during the prescribed timeline mentioned in the advertisement. Step 03: The candidates may submit their application form , prepared according to the prescribed guidelines of the Scheme, to any one of the Nodal Institutions of his/her choice depending upon the area of research proposed to be undertaken. Step 04: Candidates may submit their application form along with a biocatalyst of publications and other relevant documents including a write-up on the proposed work (guidelines are in Appendix A), the applicant should enclose a declaration stating that if selected for the Scholarship, he/she will complete the tenure of the Scholarship. Note: The list of nodal institutions along with the other relevant details of the Scheme and application form is available on the website of the Ministry of Culture and Prime Ministers Museum and Library (PMML) (erstwhile Nehru Memorial Museum and Library (NMML) under the Scheme Head of the website. Process of Selection: Step 01 : The received applications will be examined by the Institution Level Search-cum-Screening Committee (ILSSC) constituted by each participating institution for the purposes of this scheme. Step 02: The applications found worthy of consideration will be shortlisted by the ILSSC. Step 03: The selection will be based on the relevance of the study, the benefits of the nodal institution from that particular study, and the credentials and reputation of the scholar. Only such proposals may be selected that seek to (a) engage Scholars who have achieved national or international recognition and proven acceptance of their work in national/ international circles; (b) bring out resources that are not yet fully out in the public domain; and (c) publish the work for the benefit of the concerned institution. The selection will be done in two stages. Step 04: The first stage will be of shortlisting of projects and candidates by the ILSSC, according to the criteria broadly specified as part of the Search-cum-Screening process. Apart from considering the applications received, the ILSSC is also expected to adopt a proactive approach to identify relevant projects and search for reputed Scholars in that field, contact such Scholars, and encourage them to submit their proposals. If the received proposals are not worthy of consideration, the ILSSC need not feel compelled to recommend any proposals for consideration by the NSC. Step 05: At the second stage, applications/names of short-listed candidates will be considered by the NSC for each institution. 4072. Production Linked Incentive (PLI) Scheme For National Programme on Advanced Chemistry Cell (ACC) Ba

Primary Category: Social Welfare & Other Benefits | State: All | Govt: Central Government | Ministry: Ministry of Heavy Industries

Secondary: Financial Assistance, Business & Entrepreneurship, Urban Development | Benefits: Financial Assistance, Subsidy | Beneficiaries: Entrepreneurs

Gender: Any | Age: None | Occupation: Entrepreneur | Education: ITI / Diploma | Category: All

Income Limit: None | Area: Urban | Type: Individual | Source: https://www.myscheme.gov.in/schemes/pliaccb

Description:
The scheme "Production Linked Incentive (PLI) Scheme For National Programme on Advanced Chemistry Cell (ACC) Battery Storage" has been launched by the Department of Heavy Industry, Ministry of Heavy Industry and Public Enterprises, Government of India. It aims to incentivise domestic and foreign investors to establish giga-scale ACC manufacturing facilities with maximum value addition, quality output, and achievement of committed capacity within a defined time period. Through this scheme, financial incentives in the form of subsidies are provided to beneficiary firms to promote domestic manufacturing of Advanced Chemistry Cells (ACCs) and reduce import dependency. The scheme is implemented by the Department of Heavy Industry through a transparent selection process based on a Request for Proposal (RFP). It envisages setting up 50 GWh of ACC manufacturing capacity and an additional 5 GWh for niche technologies. Beneficiary firms must establish manufacturing facilities within 2 years, after which incentives are disbursed over 5 years. The scheme also ensures domestic value addition targets and mandates investment thresholds to strengthen the battery ecosystem in India.

Eligibi

Who Can Apply: 1. The applicant should be a firm selected as a Beneficiary Firm through a transparent Request for Proposal (RFP) process. 1. The applicant should be allocated Advanced Chemistry Cell (ACC) manufacturing capacity under the scheme. 1. The applicant should commit to setting up a minimum 5 GWh ACC manufacturing facility. 1. The applicant should establish the manufacturing facility within 2 years from the date of award. 1. The applicant should make a minimum investment of Rs. 225 crore per GWh. 1. The applicant should achieve at least 25% domestic value addition within 2 years. 1. The applicant should increase domestic value addition to 60% within 5 years. 1. The applicant should undertake manufacturing activities in India as per the definition of "manufacture" under the Goods and Services Tax (GST) Act. 1. The applicant should ensure value addition through manufacturing leading to a change in Harmonized System of Nomenclature (HSN) at the 6-digit level.
Exclusions: - The applicant should not be engaged only in the trading of finished ACCs without undertaking manufacturing. - The applicant will not receive incentives for conventional battery pack manufacturing. - The applicant will not be eligible if the committed investment, capacity, or value addition conditions are not fulfilled.

Schem

details: 1. The scheme provides financial incentives with a total outlay of Rs. 18,100 crore for a period of 5 years. 1. The subsidy is calculated based on applicable subsidy per kilowatt-hour (kWh), percentage of domestic value addition achieved, and actual sales of Advanced Chemistry Cells (ACCs). 1. Incentives are provided only after the beneficiary firm achieves the committed domestic value addition and starts actual sales of ACCs. 1. The total subsidy is capped at 20% of the ACC sale price (net of Goods and Services Tax - GST). 1. The incentive is provided in the form of direct cash subsidy to beneficiary firms. 1. The subsidy is disbursed on a quarterly basis after commissioning of the manufacturing facility and commencement of sales, and continues for a period of 5 years. 1. The beneficiary firm is required to achieve at least 25% domestic value addition within 2 years and increase it to 60% within 5 years. 1. The incentives under this scheme do not restrict the beneficiary from availing incentives under other schemes such as FAME-II or PLI for Automobile and Auto Components.

Application Process: how_to_apply: Offline Step 1: Check basic criteria. Confirm the location criteria (preferably where no major Science Centre exists, or a State capital/largest city of the State, provided the Science City is viable and financially self-sustainable) and the land criteria of at least 25.0 acres, preferably 30.0 acres. Step 2: Decide the funding type. Only Type B (shared 60:40, or 90:10 for the North Eastern Region including Sikkim; corpus fund 20:80) or Type C (full State funding with technical support from the National Council of Science Museums against consultancy charges). A Science City is not to be set up under Type A. Step 3: Select the land with approval of the National Council of Science Museums. The land shall be chosen in consultation with, and with the approval of, the National Council of Science Museums, and cannot be changed later; otherwise the released amount shall be recovered with applicable interest. Step 4: Obtain the format. The Detailed Project Report format is enclosed with the guidelines at Annexure E , with Annexure E-1 for the Physical Report on Site. Step 5: Prepare the Detailed Project Report. It should include the feasibility report, demand survey, commitment of land free of cost and recurring cost, projected footfall, and expected revenue generation. It will preferably be a hard-bound volume in A4 size in portrait alignment, with A3 drawings as foldouts. An incomplete Detailed Project Report will render the application liable for rejection. Step 6: Attach mandatory documents: Copy of Registration, Memorandum of Association or Trust Deed, Letter of Support from State Government, Letter of Recommendation from District Authority, Authorisation Certificate, Commitments for space and operation, and Audited Statement of Accounts for last three years, along with the filled Annexure E-1 with Site Map, Google Map and Non-Encumbrance Certificate. Step 7: Submit the proposal to Joint Secretary (Museums), Ministry of Culture, Government of India, Shastri Bhawan, New Delhi-110001 Step 8: Challenge method consideration. The proposal shall be considered on the basis of challenge method guidelines, as and when issued by the Government of India. Step 9: Appraisal by the Project Appraisal Committee, comprising the Joint Secretary (Museums), Ministry of Culture; Director/Deputy Secretary (Museums), Ministry of Culture; Representative from the Integrated Finance Division, Ministry of Culture; Director General, National Council of Science Museums; and Director, National Council of Science Museums dealing with SPoCS. Step 10: Approval from the Government of India is required for setting up the Science City. Population, land, funding pattern, and feasibility and financial viability may be relaxed in special cases. Step 11: Sign the Memorandum of Understanding between the National Council of Science Museums and the State/Union Territory Government, if implemented by the National Council of Science Museums. Step 12: Form the Society before the start of execution of the project, by the State/Union Territory Government in consultation with the National Council of Science Museums, so that it can receive grants and raise loans. Step 13: Release funds and begin construction. Funds are received by the National Council of Science Museums from both Central and State Governments, where it implements the project on a turn-key basis; where the State implements it, funds are released to the society on the recommendations of a Project Implementation Committee. The corpus fund share is released upfront after approval and prior to commencement of works. The State/Union Territory Government

releases Rs. 114.56 crore, Rs. 73.08 crore or Rs. 137.52 crore upfront depending on location. 4088. Group Supply Of Goats And Sheep

Primary Category: Animal Husbandry & Fisheries | State: Maharashtra | Govt: State Government | Ministry: None

Secondary: Financial Assistance, Farmers & Agriculture, Employment & Jobs | Benefits: Subsidy, Employment, Food/Nutrition | Beneficiaries: Farmers, Entre

Gender: Any | Age: None | Occupation: Farmer | Education: None | Category: ST

Income Limit: BPL (Below Poverty Line) | Area: Both | Type: Group / SHG | Source: https://www.myscheme.gov.in/schemes/gsgos

Description:

In Maharashtra, group supply of goat and sheep refers to a collective approach taken by small-scale farmers to supply their livestock to larger markets. These farmers form groups or cooperatives to pool their resources and negotiate better prices for their goats and sheep. Group supply is often used for the purpose of reducing costs, improving access to markets, and promoting efficient utilization of resources. The species of goats and sheep commonly found in Maharashtra include Jamunapari, Beetal, and Sirohi, among others. Group supply of goats and sheep is an important aspect of the livestock industry in Maharashtra, contributing to both the economy and food security of the region. The group supply system has several advantages for small-scale farmers, including reduced transportation costs, improved market access, and increased bargaining power. By working together, farmers can also share knowledge and resources, such as veterinary services and animal feed. Overall, group supply of goat and sheep is an important component of the agricultural economy in Maharashtra, supporting small-scale farmers and providing a valuable source of meat to consumers.

4090. Scheme Of Provision Of Subsidized Rams To Sheep Breeders

Primary Category: Animal Husbandry & Fisheries | State: Himachal Pradesh | Govt: State Government | Ministry: None

Secondary: Financial Assistance, Farmers & Agriculture, Employment & Jobs | Benefits: Subsidy, Insurance, Employment, Food/Nutrition | Beneficiaries: Farm

Gender: Any | Age: None | Occupation: None | Education: ITI / Diploma | Category: All

Income Limit: None | Area: Both | Type: Individual | Source: https://www.myscheme.gov.in/schemes/rams-to-sheep-breeders

Description:
The Department of Animal Husbandry, Government of Himachal Pradesh has introduced a scheme named "**Scheme of provision of subsidized Rams to Sheep Breeders**" to improve the Quality and Quantity of Wool being produced in the state. The scheme is open to all sheep breeders of the state who have a registered sheep unit. The subsidy is provided on a first-come-first-serve basis, and the number of rams provided under the

scheme is limited. Rampur Bushari and Gaddi breeds of Himachal Pradesh are famous for indigenous carpet wool production in the Country. The total sheep population in the State is 8.05 lakh. As per norms, one breeding ram is required per 20-25 sheep. It is expected that a breedable population of approximately 3 lakh sheeps may require at least 12,000 rams in the state. **Aim of this scheme:** 1. provide High Genetic Merit breeding rams of Rambouillet and Russian Merino breeds and 1. after purchasing from Farms/progressive breeders of the state and neighboring States and 1. to provide these to sheep breeders at 60% subsidy. **Objective of the scheme:** 1. To improve Quality and Quantity of Wool being produced in the state, thereby ensuring better economic returns to the Sheep Breeders. 1. Genetic improvement of indigenous Sheep breeds and dissemination of Superior Germplasm amongst the migratory flocks of sheep in the state. 1. To resolve the problem of inbreeding amongst the migratory sheep flocks of Tribal Sheep Breeders. **Key features:** 1. **Subsidized Rams:** The scheme provides rams of superior breeds at subsidized rates to eligible sheep breeders. 1. **Superior Breeds:** The rams provided under the scheme are of superior breeds such as Merino, Rambouillet, and Hampshire. **Note:** This scheme is for all the sheep breeders who want to adopt modern and scientific methods of sheep breeding. By providing them with superior breed rams at subsidized rates, the scheme aims to increase the productivity and profitability of sheep farming in the state.

Eligibi

Who Can Apply: The eligibility criteria for the Scheme may vary based on the specific guidelines and criteria set by the implementing agency of the scheme. However, some of the general eligibility descriptions given as under: 1. A Sheep breeder of H.P. having a flock of at least 25 sheep will be considered for providing ram under this scheme. 1. One ram per 25 Sheep will be allotted. A maximum of two rams will be allotted to one beneficiary. 1. The beneficiary will have to sign an agreement that he will not sell and castrate the allotted ram during the breeding life of the ram.
Exclusions: 1. **Non-registered sheep breeders:** The scheme may only be open to registered sheep breeders in Himachal Pradesh, which means that non-registered breeders may not be eligible to receive the benefits of the scheme. 1. **Breeding units with a poor track record:** The scheme may exclude breeding units that have a poor track record in sheep farming or have not demonstrated a commitment to adopting modern and scientific methods of sheep breeding. 1. **Breeding units with insufficient infrastructure:** The scheme may require breeding units to have a certain minimum infrastructure, such as adequate shelter, feed, and water facilities for the sheep, and those without sufficient infrastructure may be excluded. 1. **Non-compliance with animal welfare standards:** The scheme may exclude breeding units that do not comply with animal welfare standards or have a history of animal cruelty.

Schem

details: This Scheme of Provision of subsidized Rams to Sheep Breeders in Himachal Pradesh can benefit sheep breeders in the state by providing access to superior breed rams, increasing productivity and profitability, and promoting the adoption of modern and scientific methods of sheep breeding. Under this scheme, Breeding Ram will be provided on 60% subsidy. **Some of the key benefits of this scheme are:** 1. **Access to superior breed rams:** The scheme provides access to high-quality rams of superior breeds such as Merino, Rambouillet, and Hampshire, which can improve the genetic potential of the sheep population and enhance their productivity. 1. **Affordable rates:** The rams are provided at subsidized rates, which makes them more affordable for sheep breeders who may not have the financial resources to purchase them at market rates. 1. **Increased productivity:** By providing access to superior breed rams, the scheme can increase the productivity of the sheep population, which can lead to higher wool and meat yields. 1. **Improved profitability:** The scheme can lead to improved profitability for sheep breeders as higher productivity can result in higher revenues and reduced costs. 1. **Adoption of modern methods:** The scheme encourages sheep breeders to adopt modern and scientific methods of sheep breeding, which can result in more efficient and effective breeding practices. 1. **Employment generation:** The scheme can also generate employment opportunities in the sheep farming sector, as increased productivity can lead to increased demand for labor in areas such as shearing, wool sorting, and meat processing.

Description:

The scheme "Modified Market Development Assistance Scheme" was launched on 1st April 2010 by the Ministry of Micro, Small & Medium Enterprises (MSME), Government of India. The scheme aims to rationalize financial assistance, promote market segmentation, strengthen marketing networks, and provide incentives to artisans and Karyakartas. The scheme provides financial assistance, calculated at 35% on Prime Cost for Khadi (Cotton, Muslin, Wool) and Polyvastra, and 20% on Prime Cost for Silk Khadi, distributed among producing institutions, selling institutions, artisans, and Karyakartas. This assistance supports technology upgradation, engaging design consultants, value addition, modernization and computerization of sales outlets, and direct incentives to artisans and Karyakartas, thereby improving production and sales of Khadi. The scheme is implemented by the Khadi and Village Industries Commission (KVIC), primarily through its Directorate of Khadi. The applications for this scheme are accepted online.

Eligibi

Who Can Apply: - The applicant must be a Khadi Institution. - The applicant must be affiliated or registered with Khadi and Village Industries Commission (KVIC), State/Union Territory Khadi and Village Industries Boards (KVIBs), or State/Union Territory Khadi and Village Industries Board units. - The applicant must hold a valid Khadi/Polyvastra Certificate. - The applicant must hold a valid Khadi Mark Certificate. - The applicant's annual budget must be duly approved by Khadi and Village Industries Commission (KVIC). - The applicant must be engaged in the activity of production of Khadi to be considered a "Producing Institution" for the purpose of Market Development Assistance. - The applicant must be engaged in the activity of selling Khadi purchased from producing institutions to be considered a "Selling Institution" for the purpose of Market Development Assistance. - The applicant must be engaged in both production and selling of Khadi to be considered a "Composite Institution".
Exclusions: - The production of Khadi and Polyvastra products for Government supplies under Rate Contract (RC) of DGS&D is not eligible for the full Modified Market Development Assistance, as these items are not sold through retail outlets. - However, artisans and Karyakartas of Khadi Institutions engaged in such production and supply are eligible for a specific MMDA incentive.

Schem

details: > **Financial Assistance on Prime Cost:** **Rate:** The Modified Market Development Assistance (MMDA) is calculated at 35% on Prime Cost for Khadi (Cotton, Muslin, Wool) and Polyvastra. For Silk Khadi, the MMDA is calculated at 20% on Prime Cost. _*Definition of Prime Cost: Prime Cost includes the cost of raw material plus conversion charges up to grey cloth plus processing charges, explicitly excluding establishment margin, trade margin, insurance, and bank interest._ > **Distribution of MMDA (for Cotton, Woolen, and Polyvastra Khadi)** **Producing Institutions:** - 34% of the total MMDA amount. - These funds are to be utilized for procuring tools and equipment, upgrading technology, engaging designers and consultants for new designs, value addition to post-fabric processes, and engaging technicians for maintenance of Charkhas, looms, and other equipment. > **Selling Institutions:** - 17% of the total MMDA amount. - These funds are for sales promotional activities such as computerization, bar-coding, billing, debit/credit card swiping machines, accounts, renovation of sales outlets, introduction of mobile sales vans, participation in domestic and international exhibitions, extension of sales discounts, and capacity building of sales personnel. > **Artisans (Spinners & Weavers):** 35% of the total MMDA amount, passed on as an incentive or bonus through their Aadhaar-seeded bank or post office accounts. > **Karyakartas:** - 14% of the total MMDA amount, passed on as an incentive or bonus through their Aadhaar-seeded bank or post office accounts. - Karyakartas include persons involved in production and post-production activities such as salesmen, saleswomen, cashiers, accountants, marketing executives, helpers, tailoring staff, store-keepers, and godown-keepers. - It also covers artisans engaged in pre-processing activities of spinning and weaving, and processing of Khadi and Polyvastra such as dyeing, who are workers of Khadi Institutions working in production centers. > **Composite Institutions:** Khadi institutions involved in both production and selling activities receive 51% of the MMDA amount, to be utilized for both product development and market development purposes. > **Distribution of MMDA (for Silk Khadi)** - **Producing Institutions:** 40% of the total MMDA amount.- **Selling Institutions:** 20% of the total MMDA amount.- **Artisans (Reelers, Twisters, Winders & Weavers):** 30% of the total MMDA amount, passed on as an incentive or bonus through their Aadhaar-seeded bank or post office accounts.- **Karyakartas:** 10% of the total MMDA amount, passed on as an incentive or bonus, with a maximum ceiling of Rs. 10,000/- per quarter per Karyakartha, whichever is less.- **Composite Institutions:** Khadi institutions involved in both production and selling activities receive 60% of the MMDA amount. > **Government Supplies (Rate Contract):** - Production of Khadi and Polyvastra products for Government supplies under Rate Contract (RC) of DGS&D is not eligible for the full MMDA. - However, only artisans and Karyakartas of Khadi Institutions engaged in production and supply for Government supply/Rate Contract will be eligible for an MMDA incentive at 17.15% on prime cost (calculated as 35 ÷ 100 × 49). > **Disbursement Conditions:** - MMDA is disbursed through an online portal via Direct Benefit Transfer (DBT). KVIC disburses the amount for artisans (spinners, weavers, and Karyakartas) directly to their Aadhaar-linked bank or post office accounts. - Funds are released on a quarterly basis based on actual claims settled in the previous quarter. - Directorate of Khadi scrutinizes claims and recommends them to the Directorate of Accounts within 7 working days, which then processes and releases funds to the respective institution and artisans' bank accounts within 5 working days. - Utilization of MMDA for specific purposes such as modernization, renovation, and research and development may be allowed up to two years from the date of actual receipt, with specific sanction from KVIC. > **Conditions for Availing the

Benefits:** - **Separate Bank Account:** Institutions must maintain a separate bank account for MMDA funds, which will be subject to verification by KVIC.- **Utilization Certificates:** Khadi Institutions availing MMDA are bound to furnish utilization certificates annually as rendered by a registered Chartered Accountant (CA). Quarterly utilization certificates must also be furnished by KIs.- **Artisan Payments:** The portion of the total MMDA amount earmarked for artisans must be passed on to them in the form of incentive or 'bonus' through their bank or post office accounts, in addition to their normal earnings. Such additional incentives/bonus out of the MMDA grant should not be included in the cost of Khadi.- **Transfer to Selling Institutions:** Producing institutions transferring Khadi wholesale must pass on the relevant percentage (e.g., 17% for Cotton/Wool/Polyvastra or 20% for Silk Khadi) of the MMDA amount to purchasing/selling institutions through wholesale invoices.- **Timely Claims:** Claims not submitted within 15 days of the quarter's completion will be forfeited and returned to the institutions.- **Aadhaar Linkage:** KVIC must ensure that 100% Aadhaar-linked bank/post office accounts are opened for all artisans and that MMDA funds are routed through these accounts only.- **Target Achievement:** KVIC ensures that institution-wise specified targets fixed for increasing production and sales have been achieved and stock holding has been reduced.- **Recovery of Dues:** Recovery of dues out of MMDA claims shall not exceed 75% of the eligible amount for institutions having a combined production target (Khadi + Polyvastra) up to Rs. 1,00,00,000/- per annum.

Gender: Any | Age: None | Occupation: Entrepreneur | Education: ITI / Diploma | Category: All

Income Limit: None | Area: Both | Type: Individual | Source: https://www.myscheme.gov.in/schemes/ffs

Description:

To meet the funding needs of startups, Government of India has established Fund of Funds for Startup (FFS) under Startup India Programme. Corpus of the FFS is Rs. 10,000 crore. DPIIT, Government of India is the monitoring agency and SIDBI is the operating agency for FFS. As per the operating

guidelines, FFS contributes to the corpus of SEBI registered Alternative Investment Funds (AIFs). These AIFs in turn have to invest at least twice the contribution under FFS, in 'startups' as defined by the Government of India gazette notification. The objective of FFS is to provide equity support to startups and encourage innovation and entrepreneurship. It targets DPIIT-recognized startups working in technology, research, and innovation across various sectors. A key feature is the multiplier effect, AIFs must invest at least twice the amount contributed by SIDBI, ensuring more funds flow into the ecosystem. Benefits include access to patient capital, mentorship, and industry networks. The scheme also boosts credibility for startups, making it easier to attract follow-on investments. With an initial corpus of Rs. 10,000 crore, FFS has supported thousands of startups and promoting innovation. Overall, it plays a vital role in building a strong venture capital market and driving India's economic growth through entrepreneurship.

Eligibi

Who Can Apply: **Under FFS support is provided to AIFs. Below are the key eligibility criteria for applying for contribution under FFS** ? Funds with corpus of less than Rs. 1,000 crores. ? Fund`s investment strategy to include investment in startups (Startup as defined as per the Gazette Notification G.S.R.127(E) dt. 19/02/2019 issued by Government of India and as amended from time to time). ? Fund to agree to invest at least twice the amount of contribution sought from FFS into Startups. (For instance, if contribution sought is Rs. 100 crore under FFS, Fund should invest at least Rs. 200 crore in Startups). ? Fund Manager / team should have prior track record in Fund management or prior investment experience. All the Key members of the Fund should have CIBIL score more than 650 (Key member is defined as Director, Sponsor and Senior Personnel of the Fund). ? All the Key members should be legally eligible to be a Director or in a Managerial position under Indian law (i.e., not barred to be a Director or in a Managerial position under Indian Law). ? Startup should be up to 10 years old from the date of incorporation. ? Must be DPIIT-recognized. ? Should be working on innovation, development, or improvement of products, processes, or services. ? Funding is indirect, through SEBI-registered AIFs supported by SIDBI.

Description:

The "Chief Minister's Micro Finance Initiative (CMMFI)" was launched by the Department of Finance, Government of Nagaland, aims to promote access to credit for economic activities undertaken by individual farmers, entrepreneurs, Self-Help Groups (SHGs), and Farmer Producer Organizations (FPOs). The scheme will have the following components: - Provide for interest subvention or subsidy for credit extended by banks to new borrowers under the category of Self-Help Groups, Farmer Producer Organizations, and Individuals for identified activities. - Provide for additional interest subvention, over and above what is already provided in existing central government schemes, to make credit more attractive and affordable. - Provide collateral-free credit access to Entrepreneurs for Micro and Small Enterprises. Beneficiaries seeking non-subsidy linked loans and fresh

beneficiaries seeking subsidy-linked loans. ***Objectives of the Scheme:*** - To increase farmers' income by increasing investment in the sector, quality inputs, and technology. - To promote investment in Agri & Allied and in the small enterprise sectors. - To promote credit discipline and encourage the Banking Sector to support Agricultural and small enterprise sectors in the State. - To improve the Agri-marketing network and infrastructure in the State. - To promote private enterprise. - To provide collateral-free credit access to aspiring entrepreneurs. ***Scheme Implementing Agencies:*** **1. At the State HQ Level** ? Nodal Department shall be the Finance Department. ? Department of Agriculture, Horticulture, Veterinary and Animal Husbandry, Fisheries, Industries & Commerce, Nagaland State Rural Livelihood Mission, and Investment & Development Authority of Nagaland shall provide the necessary technical support. ***2. At the District Level*** ? District Level Implementation cum Monitoring Committee (DLIMC) headed by the Deputy Commissioner. ? Participating Banks. ***Salient Features of the Scheme:*** The proposed Scheme is a bank credit-linked subsidy scheme to be implemented in a time-bound manner with participation from various stakeholders - government, bankers, farmers, and entrepreneurs. Broad features of the scheme are: - All banks, including the Nagaland Cooperative Banks, will be eligible and shall be encouraged to participate in the Scheme. - There will be a district-wise allocation, which will be decided by a State Level Committee headed by the Chief Secretary. This will help avoid skewed distribution of projects regionally. - Equal emphasis will be given to all projects, with focus on bankability rather than a particular trade/activity. - The borrowers under the scheme will be monitored at the district level by an Implementation Committee headed by the Deputy Commissioner, with members drawn from the various departments. Extension of support to the beneficiaries will be provided by the respective departments. The scheme will involve active participation of the banks and the district machinery to transfer the benefits of the subsidy assistance while creating sustainable livelihoods. - The application will be scrutinized by the concerned Bank Branch, and where required, the technical inputs from Nodal Department may be sought for finalizing the beneficiaries seeking capital-subsidy, that too only in cases where loan amount is above 10 Lakhs. For all other categories of beneficiaries, banks shall do the due diligence. - The banks shall disburse the entire approved loan and subsidy. The subsidy shall be back-ended and disbursed through the banks. The controlling office or the nodal bank of the financing bank shall submit the claims immediately after release of the first installment of the loan. - The details of the eligibility criteria, pattern of assistance, the procedures to be adopted, and the framework of guidelines for implementing the scheme shall be as laid down in this scheme.

Eligibi

Who Can Apply: > ***Eligible Beneficiaries*** ***A. Individual Farmers and Entrepreneurs:*** Individuals who are keen to invest in Agri-allied activities, Entrepreneurs, and other activities for a better livelihood would be assisted as per the norms of the Scheme. **Eligibility Criteria** 1. Secondary: Employment & Jobs, Workers & Labour, Rural Development | Benefits: Financial Assistance, Subsidy, Employment, Food/Nutrition, Infrastructure

Gender: Any | Age: None | Occupation: None | Education: ITI / Diploma | Category: All

Income Limit: None | Area: Both | Type: Individual | Source: https://www.myscheme.gov.in/schemes/pdtti-assam

Description:

Assam tea and the tea estates of Assam have enormous tourism prospects. However, the potentiality of tea tourism has remained unexplored in its actual terms. The tea gardens of Assam with their lush greenery, iconic bungalows, and the tanned ethnic people with their distinct rhythmic music and dance carry potentialities to attract both domestic and international tourist interests and can present a magnificent revenue opportunity to the state. Considering the enormous potentiality of tea tourism in Assam, it is proposed to develop 50 selective Tea Gardens as Tourism destinations in a Mission Mode approach. The development of tea tourism in Assam, besides sustaining the environment and preserving the heritage and culture, will benefit the state by creating employment opportunities and boosting the rural economy. Considering the huge potentialities of tea tourism in Assam, the Government of Assam launched the scheme "Promotion and Development of Tea Tourism Infrastructure in Assam" which broadly includes the overall experience of tourists in the midst of a tea garden or state, with accommodation facility in an iconic bungalow with modern amenities. The scope of the scheme will include trekking in the natural beauty of a lush tea garden, undertaking a tea-testing session, visiting a modern tea factory and even trying one's hand at plucking tea leaves, etc. All components to be undertaken under the scheme will be need-based. Moreover, the probable activities under the scheme may be as follows:- a) Renovation of heritage bungalows. b) Renovation of heritage tea guest houses. c) Renovation of the front side of the tea garden depicting all modern tea tourism implications. d) Dining hall/cafeteria with all modern amenities. e) Development of swimming pool/spa as part of the facility. f) Facilities including angling, boating, water fountain, etc. g) Recreation facility/yoga center. h) Development of golf courses. i) Installation of solar lights. j) Involvement of local youths in proposed tea tourism activities to be developed. k) Facilities like tea testing shall be developed. l) Any other facility deemed fit to be incorporated for boosting tea tourism. The assistance or sharing pattern under the scheme is 50:50 (Government's share: Beneficiary share). The selected Tea Gardens will be the beneficiaries under the scheme, with an upper ceiling of Rs. 2 Crore as Govt. Share. Monitoring: The scheme will be implemented by Assam Tourism Development Corporation (ATDC) and monitored by State Level Committee (SLC). Fund Flow: Funds i.e. Government's share will be released in three installments to the beneficiaries in the following manner: A. First Instalment: First installment which is 20 % of the eligible subsidy under the scheme will be released on completion of 30% of the total estimated project work based on the progress report to be submitted by the concerned Engineers of implementing agency. B. Second Instalment: Second installment which is 40 % of the eligible subsidy under the scheme will be released on completion of 70% of the total estimated project work based on the progress report to be submitted by the concerned Engineers of implementing agency. C. Third and final Instalment: 3rd and final installment i.e. 40% will be released after completion of the approved works and submission of the final progress report, bill, etc. duly certified by the concerned Engineers indicating that the beneficiary tea garden has completed 100% project activities. For the release of the Third and final installment, the following documents are to be submitted along with the fund release proposal: ? Submission of photographs of pre-development, during development, and post-development stage signed by the site engineer. ? Submission of Geo-tagging records of the project (if applicable). ? 4253. Chief Minister Floriculture Mission

Primary Category: Employment & Jobs | State: Assam | Govt: State Government | Ministry: None

Secondary: Women & Girls, Farmers & Agriculture, Skill Development & Training | Benefits: Loan, Training, Equipment, Food/Nutrition | Beneficiaries: Farmer

Gender: Any | Age: None | Occupation: Farmer | Education: ITI / Diploma | Category: All

Income Limit: None | Area: Urban | Type: Group / SHG | Source: https://www.myscheme.gov.in/schemes/cmfm

Description:

Prevalence of suitable agro climate has led to natural occurrence of a large number of flowering species in Assam having aesthetic value and horticultural importance. Existence of an ornamental garden is a tradition and characteristic feature of every household in Assam. From time immemorial, the State has been endowed with a rich diversity of flowering annuals and perennials, bulbous ornamental, amazing creepers, ferns and foliage and awesome orchids. In orchid alone, Assam is credited with the natural occurrence of 191 splendid species having diversified forms and wide colour range. Contrary to the potential and scope of commercialization, the State floriculture even till today, is largely confined to household garden as a part of hobby horticulture. The number of commercial pockets can be counted on fingers. Although, the State floriculture sector has shown some amount of growth under the impact of government sponsored development projects like HMNEH, the net position of the State in the National Floriculture Map is yet to be visible. Today, Assam registers an area of 1800 ha under total floriculture which is less than 1% of the total area under floriculture in the country and 7.8% of the total area under floriculture in the neighboring West Bengal. It is further observed that even the neighboring states like West Bengal has a pride position in terms of area and production of flower crops eventually finding its way to the markets in Assam. Today, the incoming flower basket from West Bengal has virtually captured the State's flower market primarily due to low internal production and lack of consistency in supply as per desired volumes. According to unofficial estimates, the annual inflow of flowers to the State's flower market hovers around Rs. 7-8 crores paving out outflow of State's revenue in substantial quantum. It is now well accepted that in order to sustain agriculture as a profitable venture, due attention must be paid to selection of high value crop options that fetch higher return on investment per unit area. It has been an established fact that as a potential component of horticultural sector, the floriculture based enterprises can provide significantly higher net return to farmers compared to other agricultural production options due to their higher market prices resulting from uniqueness, diversified uses and fascination on part of higher income group.

Screening and Approval at the Ministry Level: Step 01: Based on eligibility criteria and availability of funds, new projects duly inspected and forwarded by district administration and recommended by the State Level Committee, will be scrutinized by the NGO division, headed by the Deputy Secretary/Director. The short-listed new projects may be subjected to further assessment by an independent agency which may include field-based prefunding appraisal. Detailed notes will be drawn while making recommendations for approval or rejection of the project proposal by the NGO division, also keeping in mind the budget available under the scheme. Step 02: Constitution of Project Appraisal Committees at the Ministry level: All projects after screening shall be placed before the Project Appraisal Committee (PAC) under the Chairpersonship of Joint Secretary, Tribal Affairs for final recommendation. The PAC while appraising projects, will keep in mind the availability of funds and budget available under the scheme and may prioritize only those projects which are most needed. Step 03: The new project recommended by the Project Appraisal Committee will be eligible for grants subject to final sanction by the Minister of Tribal Affairs. Step 04: If a new project is not commenced or operationalized after approval by the Ministry of Tribal Affairs, it will be treated as a new project when it is considered for sanction of grants next year. However, the verification process except for state government recommendation in such cases will be waived subject to the applicant organization justifying the reasons for not running the project in spite of the approval of the Ministry. If the project is not run/operational in successive years then the organization has to apply as a new project following the due procedure. Procedure for Renewal of Application for the Ongoing Projects: Step 01: The organization would be required to submit its application for ongoing projects for continuation in the subsequent financial year. Step 02: The ongoing project of the Organization would be eligible for grants subject to the provisions of GFR and instructions/guidelines issued from time to time by the Ministry of Finance, Government of India, on receipt of the following documents: a. Online application in the prescribed proforma has been filed on the portal b. Utilization certificate of the grant last released, in the format prescribed under GFR-12-A. c. Audited accounts for the previous year indicating the expenditure incurred on each sanctioned item vis-a-vis the grant sanctioned. d. Budget estimates for the financial year for which grant-in-aid is required e. Filing of Expenditure Statement in REAT Module. Step 03: The ongoing project applications filed online by the organizations will be made available to the State concerned. The Principal Secretary/officer in charge of the State Tribal Welfare Department would ensure that the documents submitted by the NGO have been examined at the State Level. He would also get the field verification done through the District Collector or District Welfare Officer, or any other authority at the district /state level, who will upload the Inspection report, duly signed and stamped, on the portal. The Inspecting Officer would be asked to specifically examine if there is any change in name, constitution, location of project, number of beneficiaries, whether there is any complaint against the Organization/Project or any reference from the Ministry for Inspection. Step 04: Applications for ongoing projects can be forwarded to the Ministry by the Principal Secretary/Officer in charge Tribal Welfare Department without seeking the approval of the SCSVE. Step 05: If there is any change in project specifications like location, the nomenclature of the project, increase in the number of beneficiaries under the project, the change will be considered by the Ministry on the specific recommendation of the Principal Secretary/Officer in charge of the TWO of the State subject to availability of funds. The recommending authority will also have to certify that the project has sufficient infrastructure to cater to the increased number of beneficiaries recommended. Step 06: In case of non-recommendation of the ongoing project for the current year, reasons for not recommending the project should be mentioned by the State Govt. In case, the State is recommending the project for the current year but the project was not recommended in the previous year(s), reasons would be given for not recommending it in previous years. Step 07: Funds will normally be released by the Ministry of Tribal Affairs on the recommendation of the State Government. Such releases will be as per the instructions issued by the Ministry of Finance from time to time and provisions of the latest GFR. > **Application Processes:** **Step 01:** All grant proposals from new as well as ongoing NGOs shall have to be submitted through the NGO portal of the Ministry. Physical proposals will not be entertained. **Step 02:** The applicant organization must first get itself registered on the NGO-Darpan Portal ([www.ngodarpan.gov.in](https://ngodarpan.gov.in/index.php/home)) of NITI AAYOG. **Step 03:** After obtaining NGO-Darpan registration, the applicant organization shall register through the NGO portal ([www.ngo.tribal.gov.in](https://ngo.tribal.gov.in/ngo-login)) of the Ministry of Tribal Affairs and make an online application by providing complete information about the project for which grants are sought along with uploading the required documents. **Step 04:** An organization running multiple projects of the same nature of categories, in a district may file a single application for all such similar projects for which a grant is being sought. The same may be considered in the Ministry on the recommendation of the Principal Secretary or Officer in charge of the Tribal Welfare Department of the State concerned. **Step 05:** NGOs will maintain details of expenditure on the Receipt, Expenditure, Advance, Transfer (REAT) Module of PFMS and would be required to refund any bank interest earned as per provisions of the latest General Financial Rules (GFR) of the Government of India **Step 06:** NGOs can upload any query/grievance through the communication module of the NGO portal, which will be replied to online through the same module. If the grievance is related to the district or state, the same will be transferred by the Ministry to the authority concerned through the portal. The District and State authorities are required to redress the grievance online and also update the same online. The State Government would be requested to ensure that the information of the State and District level Officer is updated on transfer or change of charge. He will also ensure that all grievances pertaining to the district and state are resolved. The helpline and details of the resource person will be displayed on the portal of the State Tribal Welfare Department (TWD). **Note:** The Ministry's NGO Portal will be opened for 90 days from 15th July to 30th September or as notified by the Ministry to enable the NGO to submit its application for Grants in Aid. The dates for opening and closing of the portal will be notified separately by the Ministry. This is applicable to both ongoing and new projects. > **Scrutiny and Inspection at the State Level:** **Step 01:** The online applications will get directed to the account of the State/UT Tribal Welfare Department which in turn will get the projects inspected through a District Level officer. The ministry will provide Login ID and Passwords to users at the State level. The Ministry will also provide a facility to the State for making officers at the district level the authorized users and the State would provide a Login ID and Password to him. It will be the responsibility of the officer authorized at the District level to inspect and scrutinize the proposed project. **Step 02:** The authorized district level Officer will upload comments about the project on the portal after inspection, upload the Inspection form, duly signed and stamped, and forward the required documents to the State as stipulated by the Ministry. **Step 03:** The projects forwarded by the District Level Officer will be examined by the State Government/UT Administration. **Step 04:** The State Committee for Support of Voluntary Efforts (SCSVE under the chairmanship of the Principal Secretary/Officer in-charge of the Tribal Welfare Department/Social Welfare Department will make specific recommendations about the application of the NGO within the timelines stipulated by the Ministry. If a project is not recommended by the State Committee, the reasons will be indicated. The minutes of the meeting will be uploaded on the NGO portal in the format given by the Ministry. > **Screening and Approval at the Ministry Level:** **Step 01:** Based on eligibility criteria and availability of funds, new projects duly inspected and forwarded by district administration and recommended by the State Level Committee, will be scrutinized by the NGO division, headed by the Deputy

Secretary/Director. The short-listed new projects may be subjected to further assessment by an independent agency which may include field-based prefunding appraisal. Detailed notes will be drawn while making recommendations for approval or rejection of the project proposal by the NGO division, also keeping in mind the budget available under the scheme. **Step 02:** Constitution of Project Appraisal Committees at the Ministry level: All projects after screening shall be placed before the Project Appraisal Committee (PAC) under the Chairpersonship of Joint Secretary, Tribal Affairs for final recommendation. The PAC while appraising projects, will keep in mind the availability of funds and budget available under the scheme and may prioritize only those projects which are most needed. **Step 03:** The new project recommended by the Project Appraisal Committee will be eligible for grants subject to final sanction by the Minister of Tribal Affairs. **Step 04:** If a new project is not commenced or operationalized after approval by the Ministry of Tribal Affairs, it will be treated as a new project when it is considered for sanction of grants next year. However, the verification process except for state government recommendation in such cases will be waived subject to the applicant organization justifying the reasons for not running the project in spite of the approval of the Ministry.
